SUPPLIES**

## Register an account to place your order today!

- View pricing: Simply register your account
- Place orders online through our online shopping cart, or by downloading a blank order form (return by fax or email)
- See new products: Be the first to know about new products
- Save on deals & promotions: Learn about new product promotions and take advantage of deals & clearance sales
- Stay informed: Keep up to date with changing Canadian Pharmacy Regulations and learn about product recommendations. Look out for the 'New Pharmacy Recommendation' tab.

## How to order:

Phone in your order: 905.475.2500 | Toll free: 1.888.475.2500

Fax in your order: 905.475.7155 | Toll free: 1.888.475.7155

Email your order: [orders@pharmasystems.com](mailto:orders@pharmasystems.com)

Use the order form found on page 1

Place your order online: [www.pharmasystems.com](http://www.pharmasystems.com)

**Our bilingual customer service team is readily available to help you with any of your pharmacy supply requests!**

T: 905.475.2500 | Toll free: 1.888.475.2500

F: 905.475.7155 | Toll free: 1.888.475.7155

Address: 151 Telson Road Markham Ontario Canada L3R 1E7

Email: [orders@pharmasystems.com](mailto:orders@pharmasystems.com) | [info@pharmasystems.com](mailto:info@pharmasystems.com)

Website: [www.pharmasystems.com](http://www.pharmasystems.com)

**Wholesalers:** Most pharmacy products are available from your local drug wholesaler who may sell for more or less than the catalogue/website price. Drop ship prices are shown in the catalogue/website. Product not available from your wholesaler will be shipped from our warehouse facility in Markham, Ontario.

**Shipping Terms:** Orders will be shipped to all destinations in Canada. We reserve the privilege of shipping via the carrier of your choice.

**Prices:** Prices are subject to change without notice.

**Terms:** Net 30 days or as per your wholesaler

**Returns:** All returns to PharmaSystems must be authorized.

**Accessibility:** In meeting the needs of our customers and employees we strive at all times to provide our products in a way that respects the dignity of all individuals including persons with disabilities. In order to ensure equal treatment all PharmaSystems' customer service representatives and administrators are trained on policies, practices and procedures with respect to our commitment to people with disabilities.

# New Product

**ALERT!!!**

## Tamper Resistant Tape

- Ideal for hard to secure items such as jar tops, bottle caps, syringes, vials, etc.
- Tape molds easily to any item
- Pre-printed in black
- Packaged in an easy-dispensing box
- **See page 60 for more tamper resistant tapes!**

Item #	Width	Length	Qty	Colour	UPC
8008	1/2"	108 Feet	2 rolls	Red	063636080082

## Storage Information Label, Fridge

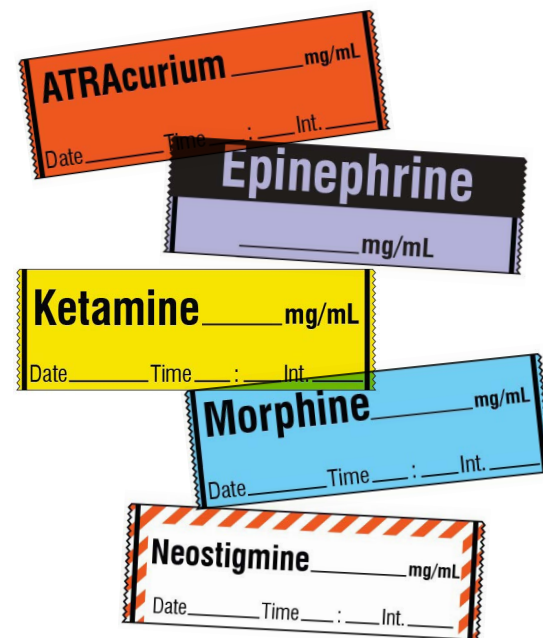

- Label reads "Fridge"
- Colour: Royal blue label with white text
- Quantity: 1000 labels per roll, 1 roll per box
- **See page 141 for more storage information labels!**

Item #	Size	UPC
CL-241	3/4"	063636002411

## Labeling Tapes

- Size: 1/2" x 500"
- Core Size: 1"
- Adhesive: Removable
- Unit of Measure: Roll
- Qty per UOM: 500
- Individually packaged
- **See page 151-152 for more options!**

Item #	Description	Colour	UPC
TP25	ATRAcurium ___ mg/mL	Orange	063636675875
TP10	Epinephrine ___ mg/mL	Light Purple	063636452896

TP29	Neostigmine ___ mg/mL	Orange/White	063636567453

## Enteral Syringe with ENFit® Connector, Non-Sterile

- Supports enteral-route medication administration
- The clear barrel, dark print, and ENFit® design allows for easy drawing of medication and accurate dose delivery. For use with standard liquids or viscous fluids
- ISO 80369-3 compliant; designed to prevent misconnections
- Connector design provides secure connection to tube set
- Low Dose Tip (LDT) reduces the dead space, ensuring delivery accuracy for small doses (available in 6 mL and smaller)
- Colour: Clear with an orange plunger
- **Check out all our new ENFit® accessories on pages 95-96!**

Item #	Description	Size	Qty	UPC
99005	Enteral Syringe with ENFit Connector, Low Dose	0.5 ml	500	063636990053
99101	Enteral Syringe with ENFit Connector, Low Dose	1 ml	500	063636991012

20868	Caution Hazardous Drug (RCRA) Bags, Black	6 x 9"	2 mil	063636208684

## Packer Bottles with Pressure Seal Liners

- All-in-one packaging solution saves users from purchasing and storing bulk items separately.
- Caps feature a built-in liner that seals to the bottle without the need for special equipment
- Amber HDPE bottle protects light-sensitive contents
- 100 per package

Caps feature a built-in liner that seals to the bottle without the need for special equipment

### EJ Series Electronic Scales

- Select from 3 decimal place display (VIC-123, VIC-303) or 2 decimal display (EJ200, EJ410, EJ610)
- Measures by weight, percentage, counting, and density functions
- Sample key available for easy parts counting, percentage and totals
- Outputs weight data, GLP report and calibration report to printer or computer (additional accessories are required, contact us for details)
- Full digital calibration – calibration weight not included (See item #CAL100/CAL200)
- Easy levelling – adjust 4 feet

Specifications	
<b>Weighing Pan</b>	110 mm (round)
<b>Sensitivity Drift</b>	± 20 ppm/ °C (10-30°C)
<b>Min. % Display</b>	0.1%
<b>Display</b>	7 segment LCD with backlight
<b>Display Update</b>	10 times per second
<b>Operating Temperature</b>	-10°C - 40°C, less than 85% R.H.
<b>Power Supply</b>	AC adapter (included) or 4 x "AA" size dry-cell batteries (70 hours of battery life)
<b>Weight</b>	850 g
<b>Warranty</b>	5 years

### A&D Precision Top Loading Balance

- Fast stabilization speed (1 second)
- Large bright vacuum florescent display
- Shock absorber function
- Statistical calculation function multiple weighing units
- Digital calibration function
- Counting function with ACAI (Automatic Counting Accuracy Improvement)
- Operating temperature - 5°C to 40°C (41°F to 104°F), 85% RH or less (No condensation)

Item #		Weight Capacity	Minimum Display	Accuracy	Weighing Pan Size	UPC

CAL200GS	200g with Certificate of Accuracy	063636100131

### Apothecary Weight Set

- Uniform density
- Low magnetic properties
- High resistance to wear and corrosion
- Includes: 10, 20, 50, 100, 200, 500 mg aluminum weights; ½, 1, 2, 3, 4, 5, grain aluminum links; 1, 2, 5, 10, 50 g.; 1, 2 oz., ½, 1 and dram, ½, 1 and 2 scruple brass weights; and tweezers

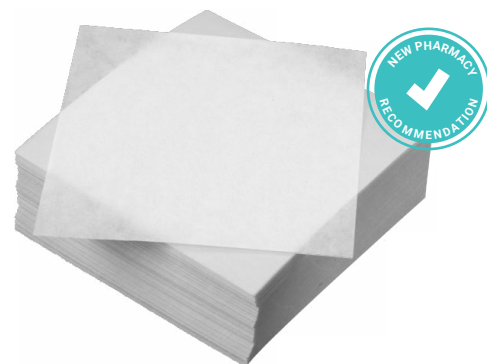

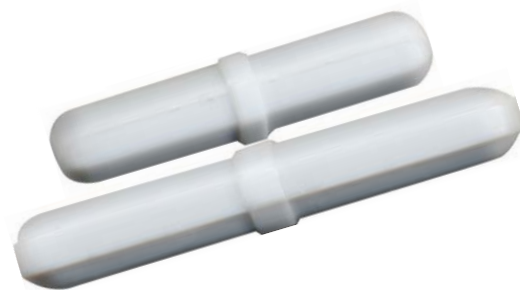

Item #	UPC
4027 <b>D</b>	063636740276

### Octagonal Stir Bars

- PTFE coated
- Features ALNICO V magnetic cores (Store in pairs to maintain magnetic strength, away from scales)

Item #	Size	Length	Diameter	UPC
86301	Small	1"	5/16"	063636863012

86302	Large	2"	5/16"	063636863029

### Paper Glassine Polished

- Non-absorbent glassine weighing paper
- 500 per package

Item #	Size	UPC
3410	3" square	063636
3016	4" square	063636301606
3412	6" square	063636
68415	6" square	063636784157

### Plastic Weighing Boats

- Inexpensive, disposable containers
- Ideal for weighing quantities of ingredients
- Resilient, polystyrene construction ensures accurate control of pour-outs after weighing
- Non-stick surface is rugged enough for mixing
- Designed to easily stack and nest

Item #	Size	Dimensions	Qty	UPC
3420	Micro	4.4 x 4.4 cm	100	063636734206
40100	Small	4.5 x 4.5 cm	100	063636801007
3090	Medium	8.3 x 8.3 cm	100	063636730901
3092	Large	14 x 14 cm	100	063636730925

### Anti-Static Weighing Canoes

- Provides anti-static surface for weighing ingredients
- Unique canoe shape enables easy pouring
- Made of virgin polystyrene with 10 to 9 OHM/square resistivity, the ideal dissipative range (the property of anti-static)
- Non-stick surface is rugged enough for mixing
- 100 per package

Item #	Size	Dimensions (inches)	UPC
3421	Small	1.8 x 2.2 x 5	063636734213
3422	Medium	3.25 x 5.28 x 1	063636734220
3423	Large	4.25 x 7 x 1.17	063636734237

### Class A Graduated Cylinders

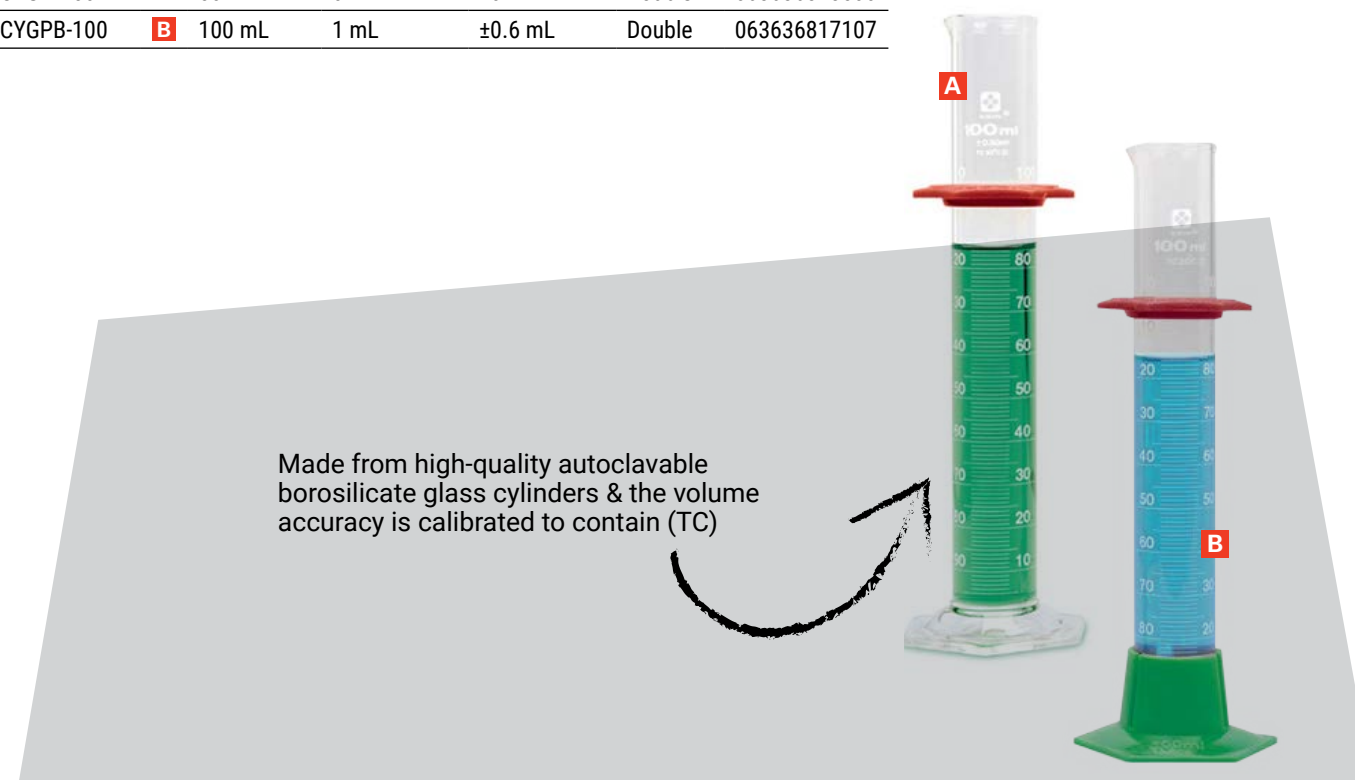

- High-quality autoclavable borosilicate glass cylinders
- Hexagonal base with 3 dimples for added stability
- White enamel graduations applied by laser, heat annealed, and inspected with code number to ensure accuracy
- Volume accuracy calibrated to contain (TC)
- Includes polyethylene hexagonal bumper guard (with the exception of the 5mL & 2000 mL size)
- Meets ASTM E-1272 Class A, Style I Specifications & USP Standards for Volumetric Glassware
- \*Recommended for methadone dispensing

Item #	Volume	Increments	Accuracy	Scales	UPC
1634AA-5	5 mL	0.1 mL	±0.05 mL	Single	063636163426

### Class B Graduated Cylinders

- High-quality autoclavable borosilicate glass cylinders
- Detachable hexagonal sturdy base absorbs impact
- Includes protective hexagonal bumper guards
- White enamel graduations, applied by machine, heat annealed
- Volume accuracy calibrated to contain (TC)
- Meets ASTM E-1272 Class B, Style I Specifications

Item #	Volume	Increments	Accuracy	Scales	UPC
CYGPB-10	10 mL	0.1 mL	±0.1 mL	Single	063636882211
CYGPB-25	25 mL	0.2 mL	±0.3 mL	Single	063636881252

CYGPB-100	<b>B</b> 100 mL	1 mL	±0.6 mL	Double	063636817107

### Bell & Conical Glass Cylinders

- Bell and conical shaped glass graduated cylinders, with easy-pour spouts
- Bell shape has a controlled diameter – recommend for accuracy
- Bell-shaped cylinders have single scale white enamel graduations, manually applied and annealed for accuracy
- Conical-shaped cylinders have single scale molded graduations
- Volume accuracy calibrated to contain (TC)
- Flint conical glass cylinders cannot be autoclaved

Item #	Volume	Shape	Material	Increments	UPC (063636)

### Clear Plastic Graduated Cylinders

- Polymethylpentene (TPX) plastic cylinders are highly resistant to chemical attack (at room temperature)
- Sturdy hexagonal base
- Clear plastic with molded graduations
- Can be sterilized by autoclaving (120°C), gas, and radiation – not autoclavable by dry heat
- Can hold a maximum temperature of 175°C
- Volumes calibrated to deliver (TD)

Item #	Volume	Increments	Accuracy	Scales	UPC
3040	10 mL	0.2 mL	±0.2 mL	Single	063636830403
3435	25 mL	0.5 mL	±0.5 mL	Single	063636834357

### pH Test Papers

#### Item # 90710

- 1-14 pH range test papers
- Supplied in a clear plastic vial container
- Includes colour guides in vial
- 100 test strips per vial
- Each test strip measures 3 x 12 mm

#### Item # 6080

- 6-8 pH range
- Double roll, hydron pH test papers
- Includes double roll dispenser
- Includes pH colour charts

Item #	Description	UPC
90710	<b>A</b> 1-14 pH range, 100 per vial	063636707101
6080	<b>B</b> 6-8 (neutral) pH range, double roll with dispenser	063636760809

#### Instructions for use of the test strip (item # 90710):

1. Use first morning urine
2. After a steady stream has started, wet the strip pad for 1-2 seconds
3. Gently shake off any excess fluid on the test strip and wait for 10-15 seconds
4. Compare/match the color of the test strip to the colour chart provided in the bottle. The number that corresponds to the color matched pad is the result.

The normal pH of urine is slightly acidic and gives a reading between 6.5-7.5. If the urine is on the alkaline side, the readings should correspond to colors indicating 7.5 or higher. Acidic urine gives color corresponding to 6.5 or lower. Please note that pH of urine is affected by the food and medication intake.

### Rubber Spatulas

- Hard, non-porous rubber spatula for compounding
- Recommended for use with compounds that react with metal
- Can be cleaned with soap and water, alcohol or by autoclaving

Item #	Blade Size	UPC
3091	<b>A</b> 4" (101.6 mm)	063636830915

Flint Glass

Wedgewood

### Flint Glass Mortar & Pestles

- Convenient - Use for preparing medications for patients or compounding recipes.
- Easy to Clean - Can be sterilized, cleaned with alcohol or washed with soap and water.
- **Note:** Not recommended for use with drastic temperature changes.

### Wedgewood Mortar & Pestles

- Convenient - Use for preparing medications for patients or compounding recipes.
- Easy to Clean - Can be cleaned with alcohol or washed with soap and water. Pestles cannot be sterilized because of the wooden handle.
- **Note:** Wedgewood should not be used with flavors or scents because the porous material will retain these elements after they are cleaned.

### Dispensette III

- Easy, fast, and mechanically accurate liquid bottle-top dispenser
- Accurate to 0.5% of overall volumes
- Made with non-reactive Teflon®, resistant to wear and damage
- Ideal for dispensing liquid medication, especially methadone
- Long life span when properly maintained (see cleaning note)
- ISO/GLP compliant with certificate of pre-calibration; annual calibration recommended (see note below)

#### Features:

- 100% Teflon® tubing is non-reactive; ideal for use with methadone
- Recirculation tube prevents waste
- Safety valve prevents clogging and leaking
- Cap keeps out air, and prevents bacteria from growing and affecting methadone or other liquids

#### Recommendations:

- Digital units are recommended for ease of use and accuracy
- Item # DK107-30 is the size recommended for methadone dispensing
- Recommended to be used with 1 L amber glass bottle
- Use with Class A glass cylinders to verify accuracy of measurements (see page 9 for 1634AA series cylinders)

### One-Time Set-up Instructions:

**STEP 1**

Attach the adapters onto the bottle.

**STEP 2**

Assemble the discharge tube to the housing unit.

**STEP 3**

Attach the adjustable filling tube onto the housing unit.

**STEP 4**

Attach the recirculation tube onto the housing unit. Recirculation tube allows unused liquid to recycle back into the stock bottle without wasting any liquid.

**STEP 5**

Attach the housing unit onto the bottle adapter.

**STEP 6**

Set the valve to "off" mode for recirculation. Select the prescribed dosage amount. Recirculate the medication by pulling the housing unit upwards & downwards to prime the dispenser.

**STEP 7**

Set the valve to "on" mode, remove the safety cap and dispense the medication by withdrawing it upwards and dispensing it downwards.

**Important Cleaning Instructions:** Maintenance for this equipment is very important; especially when dispensing methadone. When each stock bottle is complete, we recommend that you circulate the dispensette with hot water. Methadone crystallizes when exposed to air; without proper cleaning, it can clog the machine over time resulting in incorrect calibration. Should this occur, do not force your Dispensette. If your Dispensette becomes clogged over time please contact PharmaSystems to schedule a cleaning. \*Refer to the instructions manual for full cleaning & care Instructions.

**Important Note about Calibration:** Dispensette includes certificate of calibration valid for 1 year after purchase. Annual calibration is recommended to ensure product accuracy. This service is offered by PharmaSystems for a fee. Please do not attempt to calibrate the Dispensette unless otherwise directed by a PharmaSystems employee as this will void your certificate of calibration.

#### Dispensettes Include:

Adjustable filling tube & recirculation tube (accommodates all standard bottle sizes below 1 litre)

Bottle adapters (24, 28, 33, & 38 mm)

Discharge tube

Vale mounting/calibration tool

Certificate of performance

1 year warranty against product defects (does not include user-handling errors)

### Vial Decappers

- Removes aluminum vial caps
- Made of forged steel for strength and durability, corrosion resistant nickel, and has a chrome plated finish, latex free
- Sizes below correspond to the vial neck diameter, or to the cap size to be removed

Item #	Size	UPC
7713	13 mm	063636877132
7714	20 mm	063636871406
7720	30 mm	063636877200

### Dual Action Vial Decappers

- Removes aluminum vial caps
- Economical and durable way to remove seals and stoppers that contain latex before preparing syringes for latex sensitive patients
- Sizes below correspond to the vial neck diameter, or to the cap size to be removed

#### Package includes:

- 1 x Twin Action Decapper Pliers (6 x 4 x 1 in)
- 2 x Cushioned Grips

### Multi-Purpose Vial Holder

- Clear, acrylic, multi-purpose vial holder
- Ideal for transporting laboratory samples and pharmacy prescriptions
- Rack has 14 holes measuring 1" and 1 1/8"
- Holder measures: 11 3/4" W x 1 7/16" H x 3" D

Item #	UPC
18536 <b>A</b>	063636185367

### Easy Read Vial Stands & Grippers

- Silicone grippers hold vials, tubes, and syringes at an angle so labels are easy to read
- Angled stands fit neatly inside crash cart boxes
- Stands can be mounted or placed on countertops for easy access
- Small (1/3 length) measures: 6 3/8" W x 1 5/16" H x 2 3/4" D; stand fits crash cart box # 3150
- Medium (1/2 length) measures: 9 7/8" W x 1 5/16" H x 2 13/16" D; stand fits crash cart box # 3131
- Large (full length) measures: 21 1/8" W x 1 5/16" H x 2 3/4" D; stand fits crash cart box # 1814

Item #	Description	Qty	UPC

### Fretwell's Triangle

- Count regular shaped tablets with absolute accuracy and speed
- Tablets glide easily on the stainless steel triangle
- Easy to clean

Item #	UPC
FT1 <b>A</b>	063636886202

### Tablet Counters

- Plastic pill counting tray with clear lip handle and two corner spouts
- Effective way to keep organized with pill counting
- Includes plastic spatula to aid counting and transferring pills
- Recommended for right-handed users
- Measures: 3 1/2 x 21 x 16 cm

Item #	UPC
D-50 <b>B</b>	063636050306

### Ergonomic Tablet Counters

- Includes spatula with ergonomic grip for easy handling and docking slot
- Designed to provide stability while counting tablets
- Deep blue colour allows pills and powder traces to contrast with tray
- Measures: 7 3/4"W x 6 1/8"H x 1 3/8"D

Item #	Description	UPC
7147	Right-Handed	063636771478
7148 <b>C</b>	Left-Handed	063636771485

### Ambidextrous Tablet Counter

- Polyethylene pill counting tray for left or right handed users
- Spatula included
- Chute has a hinged cover for easy filling
- Measures: 7 3/4" x 6 1/4" x 1 1/2"

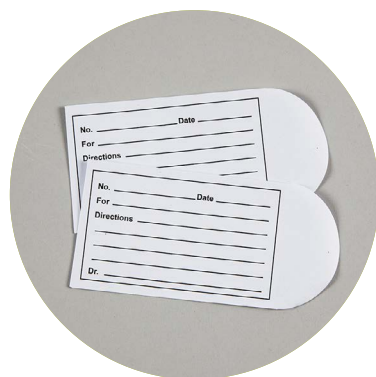

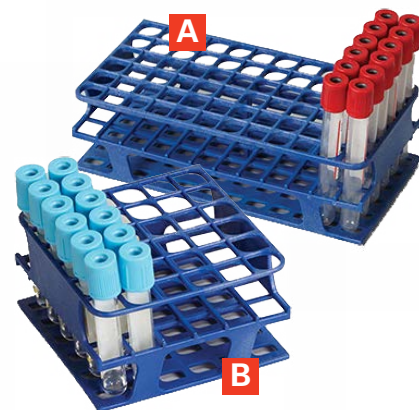

Item #	Description	UPC
12261 <b>D</b>	Left or Right Handed	063636122614

### Test Tube Racks

- Safe Transport - Keeps tubes size 5-10 mL upright to reduce the risk for spills and the need for repeat testing
- Easy to Clean - Autoclavable; reduces the risk for cross-contamination.

Item #	Description	Count	UPC
19974	<b>A</b> Test Tube Rack, Full size, 13 mm	72	063636199746

### AkroBins

- Durable and long-lasting AkroBins are the industry standard for plastic storage bins
- Heavy-duty, sturdy, one-piece construction is water, rust and corrosion-proof
- Many great organization options are available - stack bins, hang on racks, wall panels, louvered panels, or use on mobile carts
- Reinforced ribs prevent bins from spreading or losing shape
- Large front label slot allows for labelling and relabelling system.
- Take advantage of colour options available to create a colour-coded organization system to control inventory
- Ideal for Kanban visual organization systems and 5S Lean initiatives
- Customize organization system to meet your unique needs - select from standard size bins, super-size bins, bin dividers, clear or amber lids, and many hanging organization strategies

### High Alert Insulin Bin

- Includes one "Stop Potential Double Check" label and two "High alert Insulin" labels (additional labels sold separately – contact us for details)
- Distinct appearance differentiates the bin from other supply bins; therefore reducing potential medication errors during storage and dispensing
- Lid and labelling serve as a cue for the healthcare professional to read and verify before using
- Clear lid allows bin contents to remain visible
- Accommodates 10 packs of insulin vials
- Made out of PETG
- Can be cleaned with sterile alcohol 70% spray, Isopropyl Alcohol 99%, and Infection Control Surface Wipes, see page 100-101 for options and details

Item #	Outside Dimensions (W x H x D)	UPC

### Steri-Tamp® Sterile Tamper Evident Seals

- The only tamper evident seal that provides a 100% sterile barrier
- Protects against contamination and accidental double dosing
- Alerts staff when a drug has been added
- Patented dual-layer leaves true tamper evidence with "Opened" labelling left behind
- The foil top layer provides evidence of needle puncture
- Allows pharmacy to recycle medication and protects patients from dosing errors
- Maintains adhesion, even when refrigerated or frozen in cold drug storage conditions
- Packaged in easy-to-use dispensers

### Steri-Tamp® Tamper Evident Vial Seals

- Barrier Protection - Protects Against Contamination and Accidental Double Dosing. Identify if a previously opened vial or IV bottle has been tampered with
- Single Use - Gamma sterilized and intended for single use. The target area remains sterile until removed from the liner
- Tamper Evident - Foil outer layer provides visible evidence of a needle puncture. Leaves a printed "OPENED" warning and cannot be reapplied.
- Refrigerator Safe - Seals maintain adhesion when refrigerated or frozen in cold drug storage conditions
- Convenient Packaging - Packaged in a plastic clamshell container with hanging tab for dispensing
- **Note:** For use with vials only

Item #	Size	Colour	Qty	UPC

### Heat Sealers

- Heat sealer for plastic to ensure water-tight and air-tight seal
- Effective for autoclaving and heat sealing procedures
- Ideal for use with poly bags - can be customized to the desired length
- Ideal for packaging
- Can be used with most plastic materials (up to 0.2mm or 6 mil thick); including: polyethylene, polyurethane, polyvinylchloride, polypropylene, pliofilm, kel-f, polyflex, mylar, P.V.A., tivac, saran, and nylon
- Requires 110V outlet

- 3 prong grounded plugs
- Front of each sealer has a control knob that allows easy temperature adjustment and an indicator light to show when the sealer is ready to use
- Package includes: 1 heat sealer, 1 heating wire, 1 upper cloth
- Replacement parts available separately (select from full kit, or purchase parts individually, see below)

7424-01	Silent Knight® 10 1/2 x 3 x 4 1/2"	1	063636074241

#### Silent Knight®

- Quiet and powerful pill crusher - silently crushes tablets without disturbing patients
- Ideal for use during night or early morning shifts
- Features OxiTitan™ antimicrobial coating to help fight infections
- Can be cleaned with any disinfecting cleaner
- Crushes pills and tablets into fine powder- reduces risk of clogging feeding tubes
- Requires minimum force to crush tablets, reducing risk of wrist or arm injuries
- Storage compartment provides easy access to pouches

## UV Bags

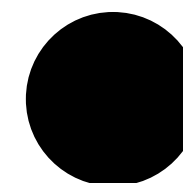

- Ideal for light-sensitive medication and IV's
- Amber bags absorb 92% to 98% of light in the UV range
- Labels can be read through amber bags, eliminating the need for double labelling
- Latex free
- 2 mil thick

### Chemo Wipe Bags™

- Absorbent - Chemo Bag and Wipe is an absorbent wipe and heavy-duty hazardous waste disposal bag in one. Easily clean chemotherapy and cytotoxic chemical spills and safely dispose of hazardous waste without using large amounts of disposable towels that can spread germs. An adhesive seal ensures total containment and reduces the risk for cross-contamination when used with protective gloves in hospitals and healthcare settings.
- Ambidextrous - Yellow wiping bag has an ambidextrous built-in mitt to provide superior maneuverability and infection control. Just insert gloved hand, wipe up spill, turn inside out and seal! Sealed bag is ready to be disposed of in an approved waste container.
- Capacity - approximately 1 gallon
- Closure - adhesive seal

### Tamper Evident Oral Tip Caps

- Three-part plastic cap for Baxa Exacta-Med® and Comar® oral dispensers
- Secure, non-sterile cap requires user to break off outer sleeve in order to dispense medication
- Tamper-indicating red ring remains in place, indicating outer sleeve has been removed
- Cap is made of polypropylene, sleeve of polystyrene plastic
- Latex free

Item #	Dispenser Compatibility	Qty	UPC
52300	Baxa Exacta-Med®	100	063636723002

### Tamper-Evident Luer Lock Tip Caps

- Three-part plastic cap used to indicate tampering on a luer lock syringe
- Sterile and non-pyrogenic in unopened, undamaged package
- Latex free
- Packaged in trays of 10

Item #	Qty	Colour	UPC
64010	100	Red	063636840105
17360B	100	Blue	063636173609

### Luer Lock Tip Caps

- Tamper evident syringe cap improves medication security by clearly showing that the syringe is intact
- Red luer lock cap for standard luer lock syringes
- Made out of polypropylene
- Sterile
- Convenient - unique blister pack of 10 protects the sterility of unopened caps

Item #	Qty	UPC
65001	100/case, packaged individually	063636850012

### Sterile Female-Female Luer Lock Connector

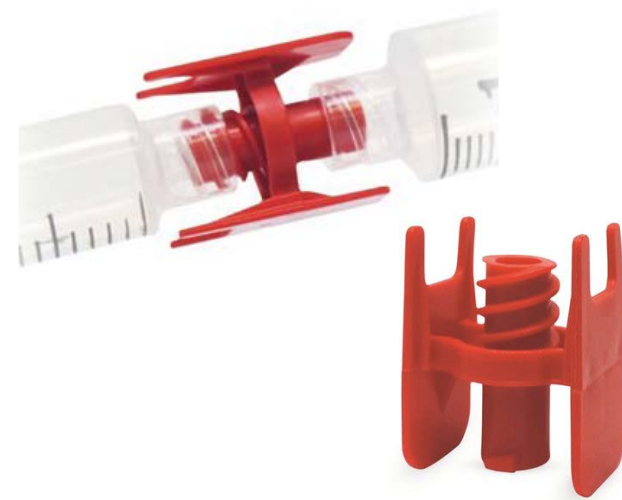

- Easy Fill Solution - Sterile-packaged, Female-Female Luer Lock Connector connects to male luer, syringe, tube sets, repeating syringes, IV bag ports, etc., to create the perfect solution to fill dispensers from a luer connection.
- Sterile - Individual blister packaging protects the sterility of unopened connectors.

Item #	Qty	UPC
19158	100/case	063636191580

### Guarded Syringe Connector

- Female to female syringe connector
- Estimated 0.07 mL of fluid loss during transfer
- High quality adapter
- Individually packaged

Item #	Qty	UPC
52400	50	063636524005

### Sterile Male-Male Luer Slip Adapter

- Packaged Sterile
- Pyrogen Free
- Individual Blister Packs

Item #	Qty	UPC (063636)
19156	50	063636191566

### Sterile Luer-Lock Syringe Caps

- Improve Productivity - Ideal for volume capping of syringes during compounding. Sterile packaging tray provides immediate access to 10 sterile caps and allows users to open 2 caps at a time without compromising the remaining caps.
- Compatibility - Fits all mL syringes.
- Color Options - Red & White. Specify colour when ordering.

Item #	Qty	UPC
19159	100/case	063636191597

### Dissolve-A-Dose, 15 mL

- Dissolve cut tablets or powder quicker and easier than the powder paper technique
- Adaptable cap allows medication to be drawn up into oral syringe for immediate administration or to add diluents

Item #	Size	Qty	UPC
5294	15 mL	50	063636505295

### Mark-A-Dose

- Clear pressure-sensitive adhesive label to mark on oral syringes or other graduated containers for a dosage regiment
- Made out of polyester film
- Latex free
- 1000 per package

Item #	Size	UPC
42900	A 2 x 1/2"	063636829001

### Universal Bottle Adapter

- Graduated plug with orifice and tethered closure that fits bottles with neck openings of 13 to 22 mm
- Use to fill oral syringes and medication dispensers
- Snap top plug fits orifice for storage
- Made out of thermoplastic elastomer
- 100 per package

Item #	UPC
12000	B 063636120009

### Locking Tip Cap

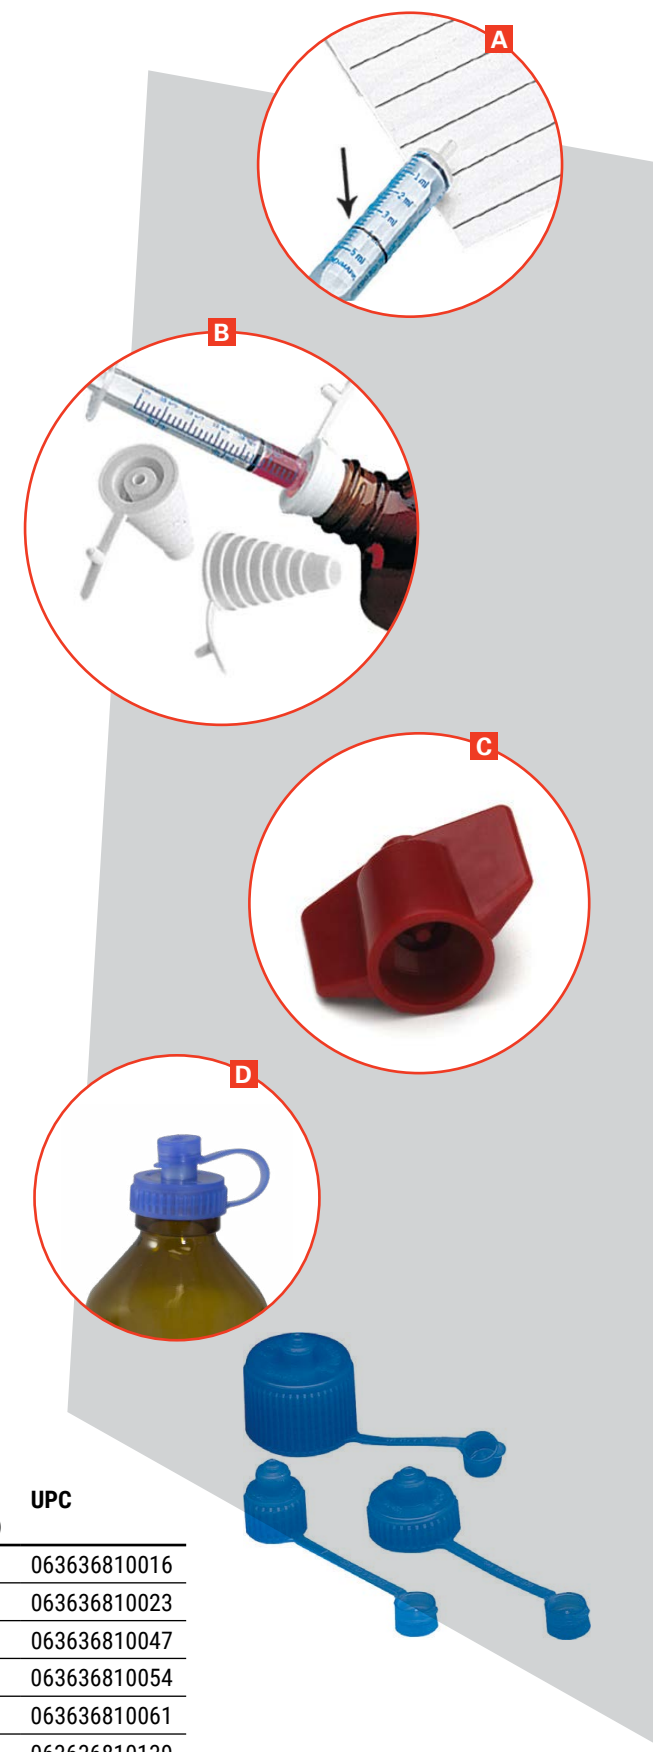

- Self-threading, securely locks onto a cathay syringe or catheter tip adapter
- Made of ABS plastic, latex free
- Sterile and non-pyrogenic when unopened
- 25 per package

Item #	UPC
67031	C 063636670313

### Adapta-Cap

- Converts a standard prescription bottle into a filling device
- Low-density polyethylene with tethered, reclosable cap for easy and mess-free syringe filling
- Available sizes fit most oral medication bottles, and fits all PharmaSystems® oral dispensers
- 28 mm are compatible with amber plastic and glass medicine bottles, see page 15, section B and D
- Provides air free filling by inversion of bottle assembly
- Latex-free, non-sterile, non-DEHP
- Available 25 or 100 per package, see options below

### Sterile Rapid Fill Connectors

- Luer lock-to-oral slip connection
- Connects to male luer or syringes, tube sets, repeating syringes, bag ports, etc.
- Flange facilitates contamination-free handling
- Made out of natural polypropylene
- 50 per package, packaged individually

Item #	Description	Colour	UPC
12703	Luer Lock-to-Oral Slip	○ Natural	063636127039
13701 <b>A</b>	Luer Lock-to-Luer Slip	● Blue	063636737016

13915	Luer Lock-to-Luer Lock with Cap	● Red	063636739157

### Luer Lock-to-Oral Slip Connector

- Connect oral dispensers to luer filling devices such as syringes, from a pharmacy pump tube set, repeating syringe, or a large source
- Made out of clear polypropylene, latex-free
- Non-sterile
- 50 per package, packaged individually

Item #	UPC
12701 <b>B</b>	063636127015

### Sterile Luer Lock Universal Spike

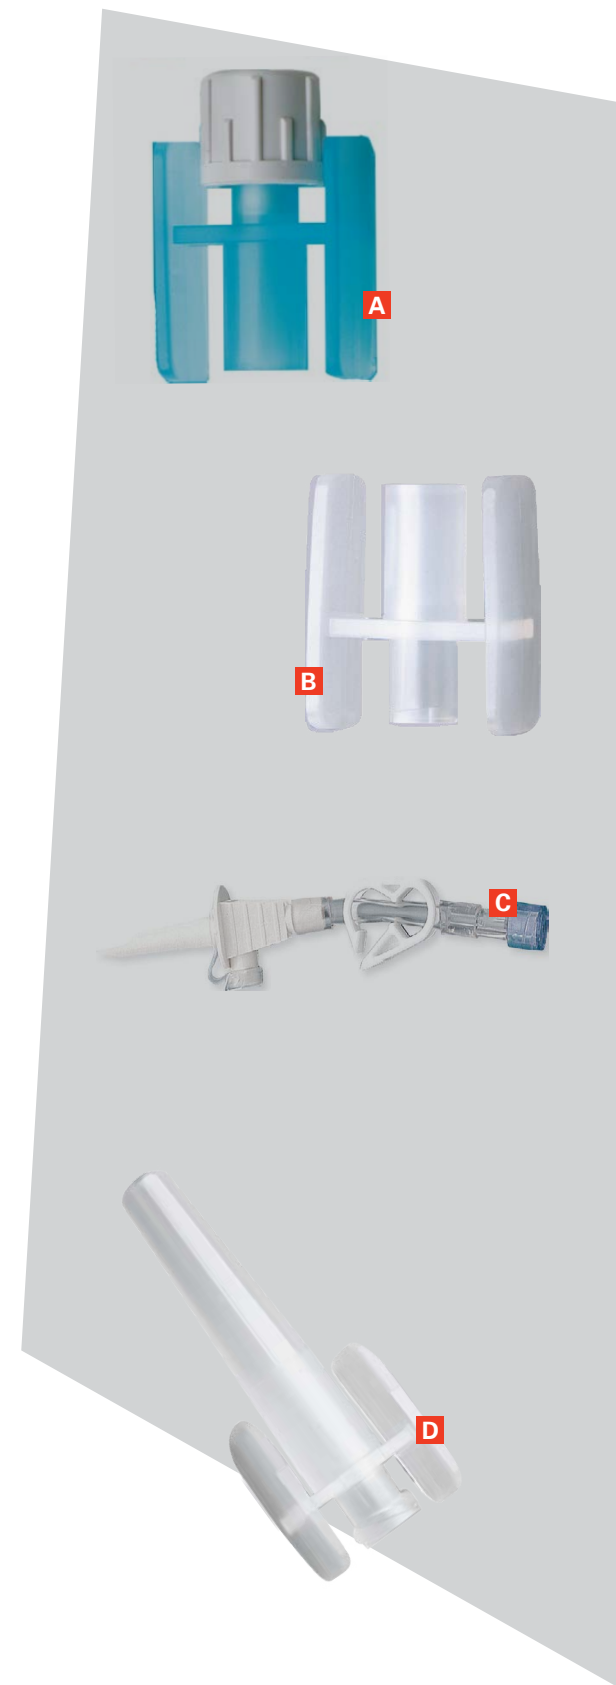

- Sterile spike with a female luer lock connector
- Ideal for additions and withdrawals from IV bags or bottles
- Spike is made of ABS; vent is made out of hydrophobic filter, and sheath is made out of polyethylene, latex-free
- Sterile and non-pyrogenic in unopened package
- 20 per package

Item #	UPC
29 <b>C</b>	063636700294

### Luer Lock-to-Catheter Tip Adapter

- Sterile, polypropylene adapters with a female luer lock connector on one end and a male catheter tip on the other end
- Ideal to adapt luer lock connections for catheter and urethra tips
- Safely transport cytotoxic drugs in a securely capped standard luer lock syringe, then convert the syringe to a catheter tip for administration
- Sterile and non-pyrogenic in unopened package
- Latex-free

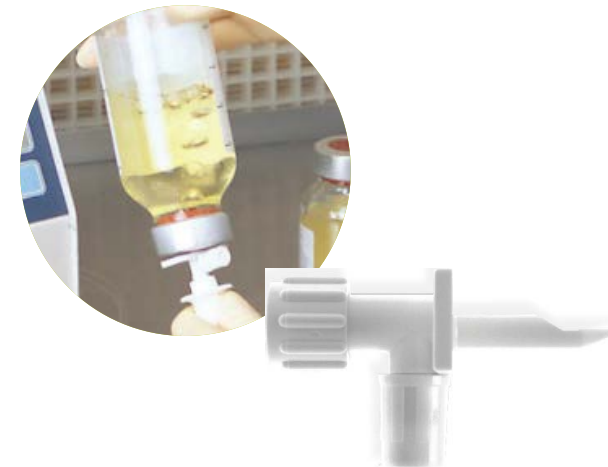

Item #	Qty	UPC
13601 <b>D</b>	50	063636736019

### CytoSafe Dispensing Pin

- Use for reconstitution or withdrawal of multidose vials
- Ideal for easy preparation and withdrawal of medicine
- Molded plastic spike with a 0.2 micron filtered vent, sheathed and tethered cap
- Silicone applied to spike for easier insertion and extraction
- Housing is made out of glass fiber-reinforced ABS, vent cap is made out of high-density polyethylene, filter material is made of Verspor-200R 0.2 micron - hydrophobic; and sheath is made out of polyethylene; latex free
- Sterile and non-pyrogenic in unopened package

Item #	Qty	UPC
49	50	063636700492

### Venting Needle, 20 gauge

- Sterile filtered venting needle designed for use by pharmacists and other specialists to evacuate drug containers during medication preparation and delivery
- Can be used with any vial or bottle
- 0.2 micron hydrophobic filter yellow transfer needle is compact and easy-to-handle
- 20 gauge x 1-1/2" stainless steel non-coring needle easily penetrates all stoppers with minimum risk of damage

Item #	Qty	UPC
18955	25	063636189556

### ExactaMed Dispensing Pin

- Ideal for vented additions and/or withdrawals of fluid from multidose vials
- Eliminate risk of air being drawn into solution - prevents air bubbles from being aspirated back into the syringe; with offset air inlet, it lets air in above the fluid
- Molded plastic spike with filtered vent, sheath and dust cap
- Pin housing and screw caps are made of ABS; sheath is made out of polyvinyl chloride; vent assembly housing is made out of polypropylene with a 3 micron acrylic copolymer membrane - hydrophobic and oleophobic vent; latex free
- Sterile and non-pyrogenic in unopened package
- 50 per package, packaged individually

Item #	Qty	UPC
47	50	063636700478

### 16G Two-Fer Needles, Sterile

- Thin-walled stainless steel needle glued into a vented luer-lock hub using UV-cured adhesive
- Functions as both a high-efficiency, non-curing needle and as an easy-to-use venting device
- Hubs are colour coded for identification
- Dual purpose needle - transfer liquids into closed vials without over pressurization of vial, transfers high-volume liquids using pumps and repeating syringes and withdraws solution from vials without creating negative pressure

Item #	Length	Qty	Colour	UPC
19003 <b>A</b>	1"	100/pack	Green	063636790035
16004 <b>B</b>	1/2"	100/pack	Purple	063636760045

### Aspirating Needle

- The sharp cannula is used to draw fluid for reconstruction or to pre-fill syringes prior to administration.
- Packaged Sterile
- Pyrogen Free
- Individual Blister Packs

Item #	Description	Qty	UPC
17046	19 guage x 3"	100	063636170462

17056	16 guage x 3.5"	100	063636170561

### Spiked Plastic Fill Needle

- Pointed tip penetrates rubber stoppers for easy filling - attaches to a luer tip
- Vented to allow air to escape while filling
- Disposable
- Sterile

Item #	Qty	UPC
7723	100	063636777234

### Tamper Resistant Add-Port Cap

- Restricts access to the additive port on bags
- Positive lock seals once and cannot be reopened
- Non-sterile
- Body: Polypropylene

Item #	Qty	Colour	UPC
4858	100	Red	063636048587
4073	25	Blue	063636040734

### Chemo-Vent® Filtered Venting Needle

- Filtered venting needle designed for use when reconstituting and withdrawing cytotoxic anti-neoplastic agents
- The non-coring needle easily penetrates all stoppers with minimum risk of damage, while the hydrophobic filter maintains asepsis and prevents toxic, aerosolized materials from leaving the container during filling
- Red color coding to safely identify use with cytotoxic agents
- 0.2 micron hydrophobic filter
- 20 gauge x 1.5" non-coring, stainless steel needle (non-reactive to agents such as cis-platin)

Item #	Qty	UPC
18723	25	063636187231
18723-10	100	063636018726

### Syringe Filters, Sterile

- Designed for quality control during sterile drug preparation
- Ideal for preparing injectable drug products requiring rapid filtration and throughput with low protein binding and broad drug compatibility
- Features female and male luer lock connector
- Hydrophilic patented polyethersulfone membrane offers high fluid flow rates, lower extractables and durable strength
- Housing is made out of modified acrylic and membrane is made out of supor polyethersulfone; latex free
- Materials pass USP Class VI - 121 Plastic tests
- Fluid path is sterile and non-pyrogenic in unopened package
- 50 per package, packaged individually

Item #	Description	Qty	UPC
21050	25 mm 5 micron	50	063636710507
24642	32 mm 0.2 micron	50	063636246242
21002	25 mm 0.2 micron	50	063636210021

### Ampule Opener

- Small cutting blade inside scores the ampule stem to help ensure a clean break
- Will work with most sizes of ampules
- Reduces the chance of finger cuts and injuries
- Reusable, can be sterilized
- Measures 2 1/2" L x 3/4" D

Item #	Qty	UPC
7371	1	063636873714

### Ampule Crackers

- Non-breakable plastic fracture and safety collar, specifically designed to aid in the opening of pre-scored glass ampules
- Simply slip over the top of the pre-scored portion of the ampule, snap it, and discard both the ampule top and safety collar to prevent cross contamination
- Disposable - eliminates need for sterilization

Item #	Size	Qty	UPC
7372	1-4 mL Ampules	100	063636773724
7374	5-10 mL Ampules	100	063636773748

### Disposable Ampule Breaker

- Ampules can be safely opened by snapping the top of the ampule breaker to the side; thus breaking the top of the ampule off at the neck of the bottle - top of the ampule can then be discarded along with the ampule breaker
- Reduces the chance of finger cuts and cross contamination
- Disposable - eliminates need for sterilization
- Made out of polypropylene plastic
- Measures 2 x 1 1/4"

Item #	Qty	UPC
10262	100	063636102623

### Fluid Transfer Tube Set with Vented Spike

- Vented inlet spike and luer lock outlet for filling sterile oral dispensers, luer syringes, vials, elastomeric infusers, minibags and cassettes from IV bags or bottles of solution
- Use in conjunction with rapidfill connectors, dispensing pins or 16 gauge TwoFer Needles
- Tubing made of PVC; connectors made of ABS and clamp made of homopolymer

Item #	Qty	UPC
11	10	063636000110

### Fluid Transfer Tube Set

- Male luer lock connections allow needle, luer lock spike or dispensing pin to be used at the inlet and outlet
- Tubing made of PVC, connectors made of ABS and clamp made of homopolymer
- Individually packaged, 10 per case

Item #	Pack Qty	Case Qty	UPC
21	1	10	063636001216

### Kwik-Vial™

- Amber, light-resistant plastic vials with durable heat-sealed foil lids, ideal for unit dose packaging, delivery and administration of oral liquid medications
- Factory sealed, foil laminate with peel-back top (non-sterile)
- Plastic tray keeps vials clean, separated and in ideal fill position
- Latex-free, made of high-density polyethylene; sealing plug is made out of polypropylene; laminated foil lid is 3.9 mil thick
- Labels are not included. Compatible labels are item #20475

Item #	Size	Qty	UPC
30015	15 mL	300 (50/tray)	063636300159
30030	30 mL	300 (50/tray)	063636300302

### Kwik-Vial™ Plug Dispenser

- Allows for rapid, clean placement of Kwik-Vial™ Plug
- Dispenser holds enough plugs to fill a complete tray of 50 vials

Item #	UPC
30009	063636300098

### Kwik-Vial™ Filling Extension

- Attaches to any male luer fitting to facilitate vial filling
- Extends into filling hole of Kwik-Vial™ to help guide fluid path
- Made out of polyvinyl chloride; latex-free
- Non-sterile

Item #	Qty	UPC
30008	50	063636300081

### Repeater Pump

- Designed to transfer fluids at volumes from 0.2 ml to 9.999 ml at flow rates up to 13.5 ml per second with a 16-gauge needle
- Drawback feature to relieve line pressure and prevent fluid drippage between fills
- Interval mode to avoid pressing start/stop repeatedly
- Powerful motor with 27 speed combinations (including reverse mode), enabling it to pump viscous fluids and fill elastomeric infusers
- 20-cell memory storage for commonly used pump settings to standardise repeated applications

Item #	Description	UPC
99	Repeater Pump	063636990008
30	Repeater Pump Stand	063636011307
32	Repeater Pump Bag Pole	063636011321
99-PED	Repeater Pump Foot Pedal	063636000998

### ENFit® Syringes

- **Prevent Misconnections:** ENFit® tip requires a twisting motion to connect. This new design only fits enteral devices to help prevent misconnections.
- **Easy to read:** Syringes feature 1 ml graduated markings to help improve dosing accuracy.
- **Packaging:** Syringes include tip caps. 60 ml syringes are packaged in a reclosable IV pole bag.

### Enteral Syringe with ENFit® Connector, Non-Sterile

- Supports enteral-route medication administration
- The clear barrel, dark print, and ENFit® design allows for easy drawing of medication and accurate dose delivery. For use with standard liquids or viscous fluids
- ISO 80369-3 compliant; designed to prevent misconnections
- Connector design provides secure connection to tube set
- Low Dose Tip (LDT) reduces the dead space, ensuring delivery accuracy for small doses (available in 6 mL and smaller)
- Colour: Clear with an orange plunger

### ENFit® Bottle Adapter with Connector

- Improve Patient Safety - Prevent accidental misconnections by using items compatible with ISO standard 80369-3.
- Easy to Use - Accessories make it easy to draw medication from bottles or med cups. Adapters are non-sterile.
- Versatile - Adapters with male ENFit connection are available in five sizes to accommodate a variety of bottle neck sizes. Bottle caps can be used with adapters in place.

Item #	Size	Qty	UPC

### ENFit® Milk Bottle Transfer Lid

- Enables clean and accurate extraction of milk from a bottle, using an ENFit syringe
- Tethered cap for safe storage
- Can be used in conjunction with Tamper Evident labels for additional security
- A closed system to efficiently draw out the contents of the bottle using an ENFit syringe
- Air circulation feature, to avoid leakage of precious contents

Item #	Qty	UPC
10180	<b>F</b> 50	063636101800

### ENFit® Oral Stepped Bottle Adaptor

- Versatile: Offers a solution for both oral and ENFit syringes
- Size: Stepped adaptor fits bottle opening 16-28 mm

Item #	Qty	UPC
21052	50	063636210526

### ENFit® Transition Connectors

- Use Immediately - Transition connector or "Christmas Tree" adapter bridges the gap until your facility is prepared to switch to the ENFit system as recommended by the new ISO 80369-3 standard. Connects to an ENFit syringe and allows it to connect to old-style feeding tube sets.

Item #	Qty	UPC
19771	100	063636197711

### Rx Crush™ ENFit® Pouches, Threaded

- Avoid Clogged Tubes - Designed for use with the 19846 RxCrush ENFit Tablet Crusher and works with any ENFit syringe. Threaded attachment provides a secure syringe grip. Zip closure keeps crushed medicine contained. Dissolved medication is easily delivered through ENFit feeding tubes.
- Reduce Waste - Residual medication waste is reduced by crushing and dissolving med in the pouch. No med cups or medication straws needed.
- Easy to Use - Place tablet inside ENFit pouch. Attach syringe (sold separately) to pouch before crushing. Place pouch under platform and press down on tablet to crack it before crushing. With pouch under the large roller, rotate roller to achieve desired consistency.

Item #	Size	Qty	UPC
20322	3"W x 5 1/4"H	50	063636203221

### ENFit® Dissolve-A-Dose, 15 ml

- Dissolve cut tablets or powder quicker and easier than the powder paper technique
- ENFit® Adaptable cap allows medication to be drawn up into oral syringe for immediate administration or to add diluents
- 15 ml capacity

Item #	Quantity	UPC
6294	50	063636857684

Unit dose packaging systems are important to healthcare for many reasons, such as their ability to:

- Protect medicine from contamination
- Show damaged packages
- Contain barcodes for individual doses
- Accommodate payment for only the amount of medication needed
- Improve patient services
- Work with electronic documentation

### Unit Dose Solutions

- PharmaSystems® is proud to offer a large selection of unit-dose packaging solutions – blisters and lidding to meet your custom site-specific packaging decision criteria. This system is fast, efficient and economical for small volume packaging – requires less downtime, and no chance of mechanical failure!
- Ideal for small packaging runs, allergy risk medications, high-risk medications, chemo drugs and solid unit dose packaging

\*Laser labels should be stored at 70° - 80°F and 50% relative humidity (±5%) away from heat sources and not exposed to direct sunlight. Labels should be stored in the room in which they will be printed at least 48 hours prior to printing. Not for use with thermal printers.

### Class A Aclar & PVdC Amber Blisters

- Proper Use:** Blister/label combo meets the USP Class A package requirements
- Packaged:** 16 blisters per strip; 100 strips per package; 16,000 blisters total

### Blister Blocks

- Efficient Design:** This medium-cavity, 16-blisters block allows an entire grid of labels (6126) to be applied simultaneously
- Packaged:** 16 blisters per sheet; 100 sheets per package; 1,600 blisters total

### Ointment Blisters, Labels & Sealing Trays

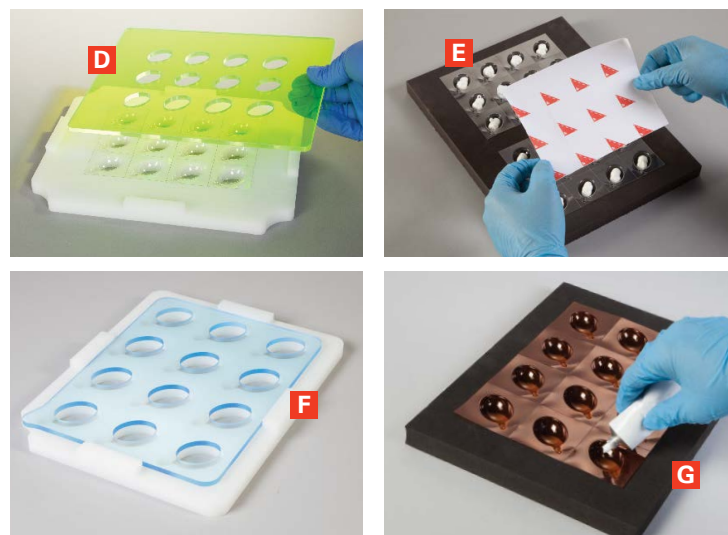

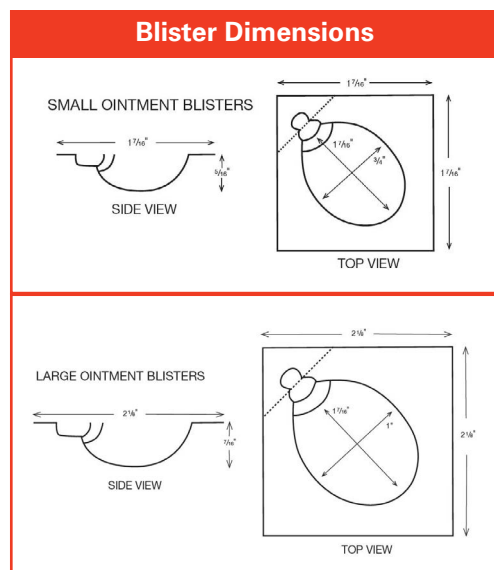

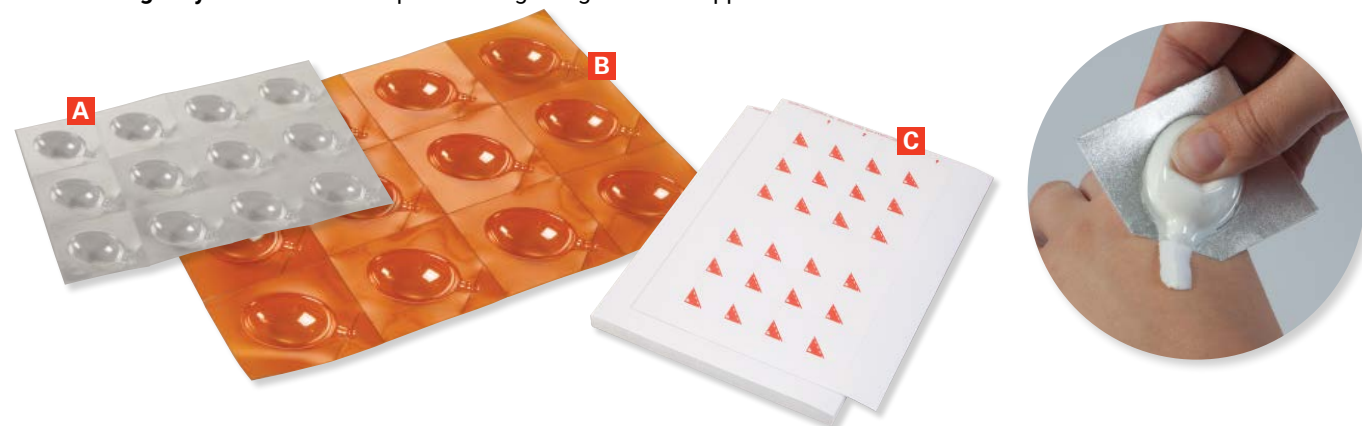

- **Convenient:** Package and dispense small volumes of ointments in easy-to-use unit dose blisters. Small Ointment Blisters hold approximately 1.2mL; Large Ointment Blisters hold approximately 1.8mL.
- **Easy-to-Fill:** Ointment Blister Filler/Sealing Tray is a two-piece system that uses an acrylic base to hold ointment blisters and an overlay to prevent ointment from spilling onto blister edges. Color overlay provides an easy visual cue for mess-free filling.

**Ointment Blisters:** 12 per sheet; 100 sheets per package; 1,200 blisters total; 4 across, 3 down

**Laser Labels for Small Ointment Blisters:** 12 labels per grid; 2 grids per sheet; 100 sheets per box; 2,400 labels total

**Laser Labels for Large Ointment Blisters:** 12 labels per sheet; 100 sheets per box; 1,200 labels total

**Foam Sealing Tray:** Holds blisters in place during filling and label application.

### Anti-Fatigue Mats

- Cushioned anti-fatigue mats reduces the risk of fatigue or static posture often caused by standing for long periods of time
- PharmaSystems® is proud to offer the following selection of anti-fatigue matting for use in dry environments
- Anti-fatigue mats are made to order. Additional lengths available with no shipping delays - contact our customer service team for options and pricing

#### How to select your anti-fatigue mats:

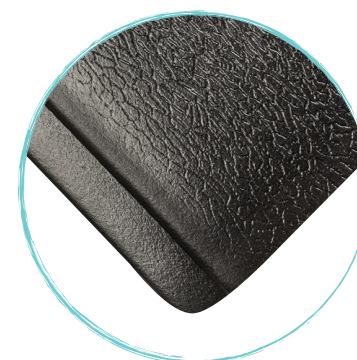

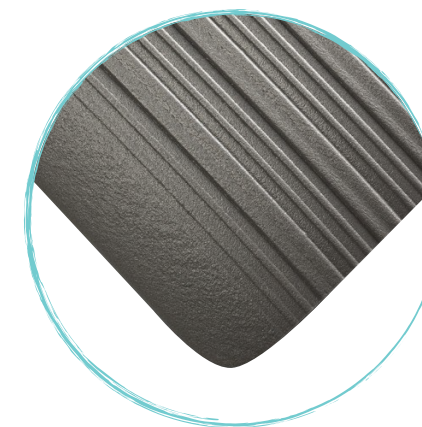

- Select by compound and thickness
- **Tabor Abrasion** – how well the surface withstands wear; the less weight lost the more durable the product (based on Federal Standard 191/1000g, CS-17 wheel; percentage lost refers to amount lost at 1000 cycles)
- **Coefficient of Friction** – degree of traction provided (OSHA recommends .5 in dry areas), based on ASTM F1677
- **Compression Deflection** - the softness or comfort leve (ideal range is considered .20-.50); measured by percentage or inches @ 35 psi (Ψ)

### Ribbed Anti-Fatigue Mats

- Economic comfort for light industrial applications
- Safety round edges
- Made-to-order lengths available, contact our customer service team
- Thickness: 3/8" (9 mm)
- Material: PVC Sponge
- Temperature Range: -17 - 43° C (0-110° F)
- Tabor Abrasion: 2% Lost
- Coefficient of Friction: Dry = .94 / Wet = .72
- Compression Deflection: ASTM D575/ .205 @ 35 Ψ

Item #	Size	Depth	Colour	Weight	UPC
5270	2 x 3'	3/8"	● Grey	4.45 lbs.	063636752705

### Autoclavable Anti-Fatigue Mats

- Autoclavable - Mat provides comfort in any environment where the equipment and flooring must be sterilized.
- Material - Solid, non-porous rubber with textured surface
- Cleaning - Autoclavable up to 175°F (135°C)
- Quantity - Sold individually

Item #	Size	Depth	Colour	Weight	UPC
17712	2 x 3'	1/2"	● Grey	11 1/2 lbs.	063636177126

### Anti-Microbial Tile Top Mats

- Ideal for labs, pharmacies, and pharmaceutical manufacturing
- Combats fatigue with top to bottom anti-microbial protection
- Absorbs repeated compression and bounces back better than PVC sponge matting
- Safety beveled edges
- Made-to-order sizes and shapes available, contact our customer service team
- Thickness: 1/2" (13 mm)
- Material: PVC Surface with Anti-Microbial Nitrile Infused Sponge
- Temperature Range: -17 - 43° C (0-110° F)
- Tabor Abrasion: Federal Standard 191
- Coefficient of Friction: Dry = .78

### Tacky Mats

- Economic and effective solution for dirt control - adhesive surface covers full area of the mat to pull dirt and dust off shoes
- Ideal for rooms requiring protection against dust and bacteria pollution, helps maintain sanitary conditions of cleanrooms
- Suitable for use in pharmacies, laboratories, and operating rooms
- Made of polyethylene, USP compliant
- Disposable – simply remove the top layer once contaminated

### Peel Away Dirt & Dust Control Mats

- Construction - Designed with multiple sheets. When top sheet is contaminated, pull it off and discard.
- Prevent Contamination - Tacky surface pulls dirt and dust off shoes before they can contaminate a cleanroom.
- Quantity: 30 sheets per mat; 4 mats per package; 120 sheets total

Item #	Size	UPC

### Hog Heaven Marble Mat

- Hog Heaven Marble mats feature the same excellent anti-fatigue qualities of a standard Hog Heaven mat, but with a smooth surface that allows workers to pivot freely
- Comfortable - High-density, closed-cell nitrile-blended cushion helps eliminate pressure to the lower back and legs, providing superior comfort; smooth top allows workers to pivot freely
- Safe - Certified high-traction by the National Floor Safety Institute (NFSI); sloped edges provide a safe transition from floor to mat
- Durable - Surface is molded, not glued, to the nitrile-blended cushion so it will not separate
- Easy to Clean - Smooth diamond-patterned vinyl surface is easy to clean
- Colour - Black, Grey and Blue

Item #	Size	UPC
MA4482X3K	24 x 36"	063636048235

### Kango® Polyurethane Chairs

- Ergonomically designed seats and backrests provide lumbar support to reduce worker fatigue
- Seat and backrest covered with ½" thick polyurethane to inhibit punctures, tears and moisture absorption
- Center columns are pneumatic for almost effortless seat adjustment - simply pull up or push down on the lever to adjust
- Seats swivel 360°

### Kango® High Polyurethane Chair

- Fully customize footrest and tilting back rest
- Sturdy aluminum foot rest, with chrome-plated base

### Kango® Low Polyurethane Chair with Casters

- Lower chair height adjustment ideal for use at shorter workstations and tables
- Stable, 5-leg, chrome-plated base with casters

### The Kango® Stand-Up Seat

- Ergonomic design reduces risk of fatigue from static posture
- Provides comfort and relief when performing jobs that require long periods of standing
- Ideal for pharmacy and hospital use
- Work standing up with legs stretched out and 2/3 of body weight resting on the seat, leaving only 1/3 of body weight to be absorbed by feet
- Keeps the back straight and ergonomically positioned, preventing shoulders from rounding
- Compact and easily transportable – includes carrying handle that allows the seat to be carried to another workstation or department

### Silent Knight® Tablet Crusher & Pouches

- Clear plastic pouches safely contains pills during crushing process, eliminating cross contamination and unnecessary clean up
- Latex-free
- 7 mil thick polyethylene

Item #	Description	Qty	UPC
7414-31	Pouches, 2" x 4 3/4"	1000	063636714314
7414-10	Pouches, 2" x 4 3/4"	100	063636714109
7424-01	Silent Knight® 10 1/2 x 3 x 4 1/2"	1	063636074241

### Silent Knight®

- Quiet and powerful pill crusher - silently crushes tablets without disturbing patients
- Ideal for use during night or early morning shifts
- Features OxiTitan™ antimicrobial coating to help fight infections
- Can be cleaned with any disinfecting cleaner
- Crushes pills and tablets into fine powder- reduces risk of clogging feeding tubes
- Requires minimum force to crush tablets, reducing risk of wrist or arm injuries
- Storage compartment provides easy access to pouches

### Stainless Steel Tablet Crusher

- Durable: Stainless steel crusher is designed for repetitive crushing. Crusher includes 48 cups.
- Two-Cup Crushing - Use one ½ oz. Paper Souffle Cup (7368) to hold tablets and another to cover. (Do not crush enteric coated tablets).
- Includes 48 crush cups

Item #	Dimensions L x W x H	UPC
7349-01	9 x 2 1/2 x 2 3/4"	063636773496

### White Powder Coated Tablet Crusher

- One Tough Crusher - Constructed using heavy-duty, white powder coated, die cast components and stainless steel fittings.
- Mountable - Metal Mounting Bracket (7356, sold separately) affixes the crusher to a counter or cart top.
- Two-Cup Crushing - Use one ½ oz. Paper Souffle Cup (7368) to hold tablets and another to cover. (Do not crush enteric coated tablets).

Item #	Description	UPC
7355	Metal Tablet Crusher 8 1/2" L x 3 1/2" W x 3" H	063636773557
7356	Metal Mounting Bracket	063636073565

### Stainless Steel Tablet Pulverizer

- Powerful Crushing - Tablets are reduced to a fine powder that passes easily through various types of feeding tubes without clogging. Do not crush enteric coated tablets.
- Stays Put - 3" square base unit has a rubberized non-slip pad and features two drilled holes so the pulverizer can be permanently mounted.
- Note - This item is not a registered medical device.
- Cup Dimensions - 1 3/4"H x 1 1/2" D

Item #	Description	UPC
7340	Tablet Pulverizer with Handle Separate	063636773403
7344	Tablet Pulverizer with Handle Attached	063636773441

### Quiet Crusher

- Quiet: Crusher uses a rolling action which is quiet and crushes medication to a fine powder without all the noise (do not crush enteric coated tablets)
- Smart Construction: Reinforced metal-filled polycarbonate construction is designed to make the crusher lightweight, strong and durable
- Built-in Bag Storage: Dispensing box can be stored in the built-in holder on the back of the crusher to keep bags readily available
- Less Waste: 7 mil bags have curved bottoms to prevent powder from sticking in corners
- Dimensions: 12"W x 3 5/8"H x 3 3/4"D
- Includes 100 bags (Item #7414-10)

Item #	Description	UPC
12655	Quiet Crusher	063636126551

### The Ultimate Pill Crusher

- Easy Crushing: Ergonomic design lets users crush tablets with a gentle push of the handle. Spring design absorbs shock and vibration for quiet crushing
- No-Slip Design - Skid tape holds the unit steady.
- Two-Cup Crushing: Use one ½ oz. Paper Souffle Cup (7368) to hold tablets and another to cover. (Do not crush enteric coated tablets)
- Durable: Lightweight crusher is made of anodized, non-corrosive aluminum

Item #	Dimensions (W x H x D)	UPC
17120	A 9 13/16 x 5 1/2 x 3 15/16"	063636773557

### Easy Empty Crusher Bag

- Reduce Risk: Durable polyethylene bags hold multiple tablets in place during crushing and help prevent cross contamination.
- Easy to Use: Conveniently packaged in a dispensing box.
- Quick Delivery: Tear and remove the 8-mil bag's perforated strip to easily empty from the bottom! Shorter traveling distance for medication allows for quicker and complete delivery.
- Less Waste: Funnel shaped bag guides crushed medication out of the bag to prevent powder from sticking in corners.
- Convenient Access: Dispensing box can be stored in the holder on the back of the Quiet Crusher.
- Thickness: 8-mil

Item #	Dimensions (W x H)	Qty	UPC
12679	B 1 13/16" x 4 11/16"	100	063636126797

### Cut Foam Options

- Organize Contents: Customize transport boxes, med kits, crash carts, trays, drawers and more so contents are easy to identify. Helps protect items from possible breakage.
- Die Options & Cut to Your Design: Different die shapes are available for ampules, vials, boxes and other special shapes (may require additional one-time charge for a cutting die). Send us your layout and we'll cut the foam to your specification.
- Details: There is a design charge to create the template. We will send a proof for approval prior to completing the order.
- Fast Shipping: most orders ship in 5 working days from approval of final layout drawing

### Pinch & Pull Foam Grid Pads

- Customize - Pull out the prescored 1/2" cubes to create spaces as needed
- Prevent Breakage - Quick and affordable way to protect and organize vials, bottles, boxes, etc. in cart drawers, boxes, and more

### Thermometers with glycol-filled bottle probes

- Recommended to meet the National Vaccine Storage and Handling Guidelines
- 10 ml & 5 ml glycol bottle probes insulate sensors from rapid temperature changes, ideal for mimicking vaccine temperatures

### Thermometers with enclosed temperature buffered ambient sensor probes

Ideal for the following:

- Freezers
- Water baths
- Heating blocks
- Incubators
- Refrigerators

### Vaccine Temperature Monitoring Requirements:

- The National Vaccine Storage and Handling Guidelines (2015), as well as many provincial guidelines, require manual documentation of vaccine temperatures, where the: current, minimum and maximum refrigerator temperatures, and the ambient room temperature must be recorded at the beginning and end of each day (min/max temperatures must be reset after each recording) – log templates are available, refer to the guidelines, or contact us for assistance
- The digital display should be placed on the **outside** of the refrigerator (Ontario requires a display with a minimum resolution of 0.1° C), with the probe in the centre of the refrigerator (preferably in a vaccine box)
- Bottle probes (bio-safe glycol fluid bottle probes) are recommended for a more accurate reading
- Reset button required to reset the minimum and maximum temperature after each recording
- Thermometers should be set to alarm if temperatures fall to 3°C or rise to 7°C to signify approaching out of range
- Thermometers should be checked for calibration at least annually, and it is recommended they be calibrated within ±0.5°C (±1°F) of accuracy
- Thermometers should have a low battery indicator, and batteries should be replaced every 6 months

### General Vaccine Storage Requirements:

- ✓ Maintain required vaccine storage temperatures
- ✓ Hold sufficient inventory
- ✓ Have a calibrated **temperature-monitoring device** inside each storage compartment
- ✓ Refrigerator is dedicated to the storage of vaccines only
- ✓ Be placed in a secure location
- ✓ Recommended thermometer calibration should be accurate within **±0.5°C (±1°F)**
- ✓ Record refrigerator temperature twice daily
- ✓ Contact public health officials if vaccines are exposed to temperatures outside the recommended range

**Traceable® Thermometers:**

- Triple display simultaneously shows the current, minimum and maximum temperature reading
- Includes Traceable® certificate from ISO 17025 calibration laboratory, accredited by A2LA, valid for 1 year - recalibration is the customer's responsibility, contact us for assistance
- Alarm alerts when temperature rises or falls outside set point
- Low battery symbol indicates when batteries should be replaced
- Reads temperatures ranging from - 50° - 70° C (-58° - 158° F)
- Includes all necessary batteries and mounting equipment (flip stands, wall mounts, Velcro® and magnet strips)

Item #10369 is a dual bottle probe extension for item #10366

**Traceable® Thermometers**

- Reads the ambient room temperature as well as the external probe temperature using the in/out function
- Alarm programmable in 1° increments

**Traceable® High-Accuracy Refrigerator/Freezer Thermometer**

- Displays the exact time and date when the minimum and maximum temperature occurred
- Displays the exact time and date alarm is triggered
- Alarm programmable in 0.1° increments

**Traceable® Excursion-Trac® Datalogging Thermometer**

- Datalogging thermometer with user-defined time intervals
- Stores up to 10 unique alarm events - alarm tracking stores each alarm event, the time and date of occurrence
- Rolling memory structure maintains the most recent 525,000 observations, clear after downloading to USB flash drive (unit can remain in use while downloading data)
- Allows recorded data (CSV file) to be transferred from thermometer to PC or Mac using a USB flash drive (not included). No software is needed for computer interface. Each thermometer has a unique ID allowing multiple units to be used in the same location
- Status indicators show low battery, memory full, USB data transfer and active alarm state

**Traceable® Memory-Loc™ Datalogging Thermometer**

- Can be used in 21 CFR 11 environments – data is locked and cannot be cleared or changed on unit
- Fixed one minute logging intervals, for up to 2 years
- Stores up to 10 unique alarms - alarm tracking stores each alarm event, the time and date of occurrence
- Allows recorded data (CSV file) to be transferred from thermometer to PC or Mac using a USB flash drive (not included). No software is needed for computer interface. Each thermometer has a unique ID allowing multiple units to be used in the same location
- Status indicators show low battery, memory full, USB data transfer and active alarm state

### Traceable® Digital Humidity/Temperature Meter

- Display - Continuously and simultaneously displays relative humidity and temperature in °F or °C.
- Min/ Max Display - Minimum and maximum memories may be displayed or cleared at any time with the touch of a button.
- Temperature Range - Temperature range is 0° to 50°C (32° to 122°F) and with a resolution of 1° and maintains an accuracy of ±0.1°C/±0.1°F. Humidity range is from 25 to 95%, resolution is 1% RH, and accuracy is ±2% RH mid-range to ±4% RH elsewhere.
- Solid State Sensors - Fast-response solid-state sensors display changes in less than 30 seconds. Display is updated once per second.
- NIST Certified - Includes individually serial-numbered Traceable® Certificate.
- Recalibration is the customer's responsibility and annual recalibration is recommended.
- Power - Includes 2 AAA batteries

Item #	Dimensions (W x H x D)	UPC
14141	2 <sup>5</sup> / <sub>8</sub> x 3 <sup>7</sup> / <sub>8</sub> x 5 <sup>5</sup> / <sub>8</sub> "	063636714147

### Alarm Thermometer

- Use for precise monitoring
- Reads temperatures from -50° - 70° C (-58° - 158° F), with an accuracy of ±0.1°C
- Four unique alarm configurations: when temperature is higher than set point, lower than set point, outside of high and low set points, or inside of high and low set points
- Continuous alarm sounds and blinks red and green every minute for five minutes until the temperature returns to non-alarm condition or until alarm is turned off
- 1 meter micro cable allows refrigerator doors to close on it
- Jumbo display is readable from 3 meters away
- Calibration is accredited by A2LA and meets NIST standards
- Made of high-impact, chemical-resistant ABS plastic

Item #	UPC
90711	063636707118

### Digital Clock/Timer

- Track Multiple Activities - Three distinctive alarms help eliminate confusion. Timer counts both up and down. The clock mode runs continuously.
- Use Anywhere - Built in clip, stand, magnet and hanging hole on back side.
- Wireless - One AAA battery included

Item #	Dimensions (W x H x D)	UPC
10461	3 x 2 <sup>1</sup> / <sub>2</sub> x 3 <sup>3</sup> / <sub>4</sub> "	063636707118

### Refrigerator/Freezer Thermometer

- Temperature Range - From -40°F to 120°F, -40°C to 50°C
- Display - Non-toxic, mercury-free thermometer
- Dimensions - 1<sup>1</sup>/<sub>16</sub>"W x 4<sup>1</sup>/<sub>2</sub>"H x 3<sup>3</sup>/<sub>8</sub>"D

Item #	UPC
3010	063636730109

### TraceableLive® Wifi Datalogging Thermometer

- Wireless Temperature Monitoring and more—connect to existing WiFi
- Alerts: temperature alarm, connectivity interruption, low battery
- Cloud-based data interface—no local software required; web, Android, Apple IOS data visibility
- Continuous data transmission and monitoring using SSL encrypted SECURE connection
- Receive MOBILE PUSH / E-MAIL / TEXT notifications
- Unlimited scalability—use TraceableLIVE® in individual labs or an entire network of facilities

Item #	UPC
10364	063636103644

### Fridge-Tag® Storage Temperature Monitor with USB

- Fridge-Tag 2L's direct display feature requires no software to quickly review 30 day's worth of data instantly.
- Monitors the temperature inside the unit to protect the integrity of temperature-sensitive drugs
- Dimensions - 5<sup>1</sup>/<sub>4</sub>"W x 2<sup>15</sup>/<sub>16</sub>"H x 9<sup>9</sup>/<sub>16</sub>"D

Item #	UPC
19465	063636194659

### Stainless Steel Refrigerator/Freezer & Dry Storage Thermometer

- Colour zones on dial indicate safe ranges and HACCP guidelines
- Reads temperatures from -30° - 30° C (20° - 80° F), with an accuracy of ±1°C
- Features attached hook for easy hanging or use base for free standing
- NSF certified

Item #	Measures	UPC
16087	2" diameter	063636160876

### Traceable® Long Probe Thermometer

- Reads temperatures from -50° - 300° C (-58° - 572° F), 0.1° resolution, accuracy of ±0.1°C
- Reading is updated every second
- Memory recalls previous min./max. readings
- Waterproof and shockproof - stainless steel probe is impervious to acids, bases, and solvents; can be inserted in a variety of solutions
- Includes Traceable® certificate to verify traceability standards
- Battery included (1.5V silver-oxide)

Item #	Dimensions (L x W x H)	UPC
10375	10 <sup>1</sup> / <sub>4</sub> x 1 <sup>3</sup> / <sub>4</sub> x 8" Long Probe	063636130756

### Undercounter Freestanding Refrigerator

- Units feature a digital microprocessor temperature controller allowing for the precise temperature management necessary for critical samples and supplies.
- A forced air directional refrigeration system provides superior temperature uniformity and recovery after door openings.
- Environmentally friendly, natural hydrocarbon (HC) refrigerants (not containing hydrofluorocarbons) vastly reduce global-warming potential (GWP) while meeting new EPA/SNAP mandates and UL, ASHRAE compliance guidelines.

#### Includes:

- Temperature controller
- Digital setting accuracy
- Precise temperature maintenance
- Monitoring and alarms
- High/low temperature alarm
- Sensor error alarm
- Alarm mute
- Remote contacts

### Freestanding Refrigerators

- Designed to enhance pharmaceutical storage and display experience to the highest standards of quality and performance.
- Self contained Cassette® forced-air refrigeration employs R290 hydrocarbon Natural
- Refrigerant within a sealed capillary tube system.
- Cassette® refrigeration is bottom-mounted and removable from the front for ease of maintenance. Refrigeration may be exchanged or upgraded without mechanic. Designed to hold 36°F to 46°F (2.2°C to 7.7°C).
- Equipped with Energy Efficient Digital Controller featuring visual/audible product protection alarm.
- Technologically advanced ProducTemp™ provides exterior product temperature display. Displays to a resolution of 0.1°.

### Stainless Steel Locking Refrigerator Storage Boxes

- Ideal solution for areas that cannot accommodate full-sized locking refrigerators self-locking nuts and bolts to refrigerator shelves
- Featured pre-drilled holes to use with security seals
- All locks (except padlocks) come keyed differently on a master key system; contact us for keyed alike options
- Select from styrene drawers, or acrylic (to view contents, noted below)
- Outside box measures: 5<sup>3</sup>/<sub>4</sub>"W x 4<sup>1</sup>/<sub>4</sub>"H x 11<sup>1</sup>/<sub>4</sub>"D
- Inside box measures: 5<sup>3</sup>/<sub>16</sub>"W x 3"H x 10<sup>9</sup>/<sub>16</sub>"D
- Made of 18-gauge stainless steel
- **Note:** Acrylic drawers cannot be used with security seals or dividers

### Rugged Refrigerator Boxes

- Secure - Easily organize and store temperature-sensitive medication in these lockable, tamper-proof refrigerator boxes
- Durable - Boxes are made of rugged polycarbonate material that provides extra durability for years of everyday use.
- Prevents Rolling - Roll stop lip prevents contents from rolling beyond the edge of the box.
- Maintain storage capacity - No tools required for assembly. Because there is no obtrusive mounting fixtures, the boxes take virtually no space away from the shelves above them
- Dimensions - 10<sup>1</sup>/<sub>16</sub>"W x 3<sup>7</sup>/<sub>8</sub>"H x 5<sup>1</sup>/<sub>4</sub>"D

### Locking Refrigerator Storage Boxes

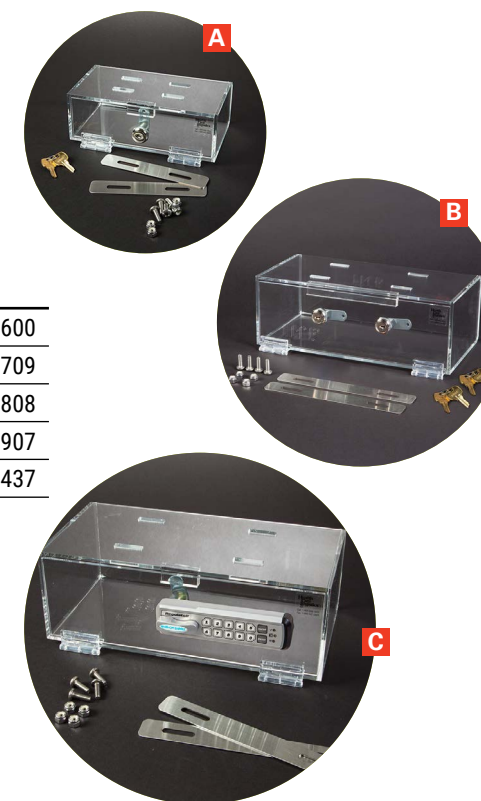

- Ideal for use in facilities without access to locking refrigerators
- Ideal for controlling substances under single or double locks
- Lids can be affixed to refrigerator shelves (includes mounting brackets, nuts and bolts)
- Storage boxes function as a locked refrigerator drawer – once affixed to refrigerator shelves, boxes slide out from unlocked lid
- Tough, durable polyethylene construction
- Available in ● grey, ● light blue, or ● red – please specify colour when ordering

Item #	Description	Inside Dimensions (W x H x D)	UPC

### MonitorMark™ Product Exposure Indicators

- Ideal for use when transporting temperature-sensitive items
- Tags monitor temperature by changing colour to visually depict if acceptable temperature limit has been exceeded
- Records time exposed to unacceptable temperatures
- If an item can tolerate limited exposure to elevated temperatures, the results on the tags will help determine whether to accept or reject the item
- When the maximum temperature of the tag is exceeded, a blue colour appears in the window furthest to the left
- Colour change is irreversible
- Attaches with an adhesive back to most clean, dry surfaces
- Measures : 3 7/8 x 3/4"
- 10 per package

### Insulated Boxes

- Disposable, lightweight cooler to transport and ship temperature-sensitive items
- Leak-resistant gusseted liner made from FDA-approved materials
- Liner's adhesive lip tape seals the contents for maximum protection
- Boxes are shipped flat; each has instructions for assembly

Item #	Dimensions (W x H x D)	Qty	UPC
17878	8 x 8 x 8"	5	063636178789

### Insulated Transport Boxes

- Cost Effective - Keep medications at a stable temperature during transport.
- Protects Drug Integrity - 1 1/2" thick insulated walls are ideal for transporting 24 to 48-hour shipments.

Item #	Dimensions (W x H x D)	Qty	UPC (063636)
19808	11 x 10 x 9	1	063636198084
19807	15 1/2 x 12 x 15 1/2	1	063636198077

### Patient Privacy Label

- Quick and affordable way to protect sensitive patient information and meet HIPAA standards
- Wrap over labels on prescription vials, punch cards, syringes and IV bags. Patient information is then secure
- Tamper-resistant slits cause the label to self-destruct upon attempted removal
- No need to scrape patient labels or invest in expensive shredding or incineration equipment or services
- Opaque blue label
- Use in pharmacies, hospitals, long and short term care facilities, mental health facilities, clinics and physicians offices
- Dimensions: 3"W x 1-7/8"H (76mm x 48mm)
- Two rolls of 500; 1,000 labels total

Item #	UPC
7038	063636070380

### Labeling Tape

- Size: 1/2" x 500"
- Core Size: 1"

### ChemoSafety™ Sharps Disposal Containers

- Designed for sharps disposal as well as other types of chemotherapy waste, including IV bags, tubing, and syringes
- Container features snap-on lid with locking rotor that locks for final disposal
- Sealing gasket guards against spills - a pad on the bottom of the container absorbs excess liquid
- Labelled "Chemotherapy Waste"
- Nest unused containers inside each other for stacking
- Made of polypropylene plastic - dispose by incineration

Item #	Capacity	Dimensions (W x H x D)	Qty	UPC
9605-10 <b>A</b>	2 gallon	10 <sup>1</sup> / <sub>8</sub> x 9 <sup>1</sup> / <sub>2</sub> x 6 <sup>3</sup> / <sub>4</sub> "	20	063636960520

9607-10	8 gallon	15 x 17 x 10 <sup>1</sup> / <sub>4</sub> "	10	063636960728

### SharpStar™ Sharps Containers

- Minimize the potential for over-filling by stopping in the "full" position
- The "always-open" lid is ready for quick disposal
- Large opening easily accommodates 60 mL syringes
- Extended flap keeps hands away from the container when locking
- Tamper resistant opening
- Smart choice for USP 797 compliance
- Complete system (item # 9600-01) includes a wall enclosure with lock, large glove dispenser, a 5 qt. (4.73 liters) transparent red sharps container and an in-service sticker

Item #	Capacity	Dimensions (W x H x D)	Qty	UPC

### Leaktight Sharps Containers

- Material - Translucent polypropylene helps determine fill level to prevent overfilling.
- Closure - Snap-tight lid allows easy closure for final disposal. Protective iris flange prevents insertion of inappropriate non-medical waste.
- Special Feature - Used sharp drops into the puncture-resistant plastic container needlepoint first and eliminates all unnecessary repositioning and excessive handling.

Item #	Capacity (Litres)	Dimensions (W x H x D)	Qty	UPC
8219	2 quart	3 1/2 x 10 x 3 1/2"	1	063636821906

### Flip Top Sharps Container

- Flip top lid closes securely to prevent spilling or leaking; ideal for transport
- Red polypropylene plastic
- Includes an orange and black biohazard sticker on the front of the container
- Autoclavable and can be incinerated - should be disposed of in accordance with local guidelines
- Smart choice for USP 797 compliance

Item #	Capacity	Dimensions (W x H x D)	Qty	UPC
9083	1 quart	Overall: 4 1/2 x 8 3/4 x 2 1/2, Fill Opening: 1 1/4 x 1 3/4	20	063636790837

Container holds approximately 30 of 3cc syringes, as well as other sizes and quantities

### Disposable Ampule Breaker

- Ampules can be safely opened by snapping the top of the ampule breaker to the side; thus breaking the top of the ampule off at the neck of the bottle - top of the ampule can then be discarded along with the ampule breaker
- Reduces the chance of finger cuts and cross contamination
- Disposable - eliminates need for sterilization
- Made out of polypropylene plastic

Item #	Dimensions	Qty	UPC
10262	2 x 1 1/4"	100	063636102623

### Needle Resheather

- Smart Design - Allows single-handed uncapping and recapping of needles. Securely grips needle, phlebotomy and intravenous catheter caps. Complies fully with OSHA standards.
- Use Anywhere - Base can be adhered to any clean smooth surface. Double-sided tape included.
- Easy to Clean - The top portion of the unit can be removed from the base and steam autoclaved, gas sterilized or disinfected by alcohol.
- Packaging - Sold individually
- Dimensions - 2 1/2"W x 3"H x 2 1/4"D

Item #	UPC
7375	063636773755

### Biohazard Leakproof Bags

- Closure - Adhesive closure with perforated tear zone.
- Special Feature - When closed correctly, bags are 100% leakproof bags and include a document pouch for important paperwork.

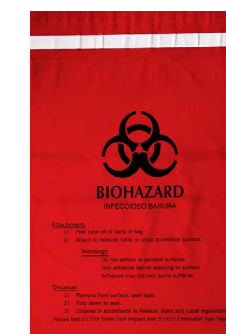

Item #	Thickness	Dimensions (W x H)	Qty	UPC
20426	2 mil	6 x 9"	100	063636774462

### Biohazard Bags

- Meets performance criteria established by OSHA
- Small (Item # 7446) has a fold over flap for closing
- Can be secured closed with a heavy duty security seal with prongs (see Item # 7836)

Item #	Thickness	Dimensions (W x H)	Qty	UPC
7446	A 1 1/2 mil	11 1/4 x 14 1/2"	50	063636774462
7445	B 4 mil	20 x 39 x 12 1/4"	25	063636774455

### Stick-On Biohazard Bag

- Includes an adhesive strip to stick to carts, cabinets, walls, etc.
- When bags are full, the top flap folds over and a second adhesive safely seals the bags

Item #	Thickness	Dimensions	Qty	UPC
9938	2 mil.	12" W x 14" H	100	063636779382

### Chemo Waste Bag

## PharmaSystems' Solutions for USP<797> Compliance: Sterile Preparations for Compounding Pharmacies

- USP chapter <797>, Sterile Preparations for Pharmaceutical Compounding, details the quality standards, conditions and procedures for compounding sterile preparations (CSPs) of drugs and nutrients in a cleanroom
- A cleanroom standard is enforced to prevent harm to patients that could result from microbial contamination, excessive bacterial endotoxins, variability in intended strength, unintended chemical and physical contaminants, and ingredients of inappropriate quality
- Cleanroom classes vary based on the nature of the operation, refer to the "compliance" below for product recommendations
- PharmaSystems® is proud to offer a range of cleanroom supplies to achieve and maintain USP <797> compliance, select from:
  - **Dry Wiping and Spill Control**
  - **Glove and Surface Cleaning**
  - **Isolator and Hood Cleaning**

### Amplitude™ Wipes

- **Use:** Ideal for spill kits and cleaning carts
- **Material:** Lightweight spunlaced cellulose/polyester
- **Features:** Economical option for general cleaning

Item #	Dimensions	Qty	UPC
18958	9 x 9"	300	063636189587

### EcoClean Wipes®

- **Compliance:** ISO Class 5 (class 100)**Use:** Designed for critical care units and cleanrooms
- **Material:** 100% natural fibre
- **Features:** Environmentally friendly – 100% biodegradable
- Low-linting, highly-absorbent, durable
- Heat-resistant, autoclavable
- Quarter-fold design promotes proper wiping technique

Item #	Dimensions	Qty	UPC
17883	5 x 5"	100 sheets	063636178833
17884	9 x 9"	300 sheets	063636178840
17885	12 x 12"	150 sheets	063636178857

### Lint-Free Wipes

- **Compliance:** USP <797> equipment cleaning guidance standards
- **Use:** Ideal for cleaning lab equipment and medical instruments
- **Features:** Lint-free – no traces of fibre or residue

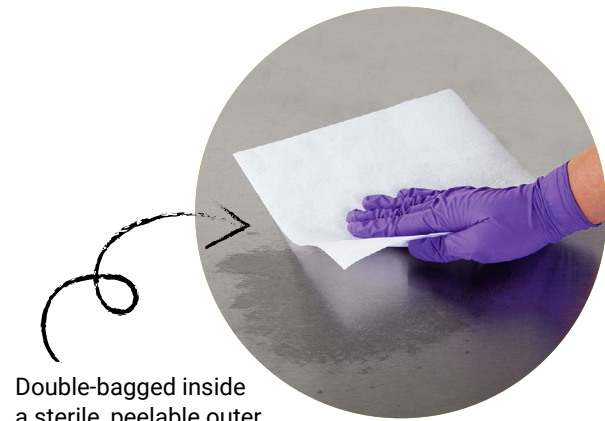

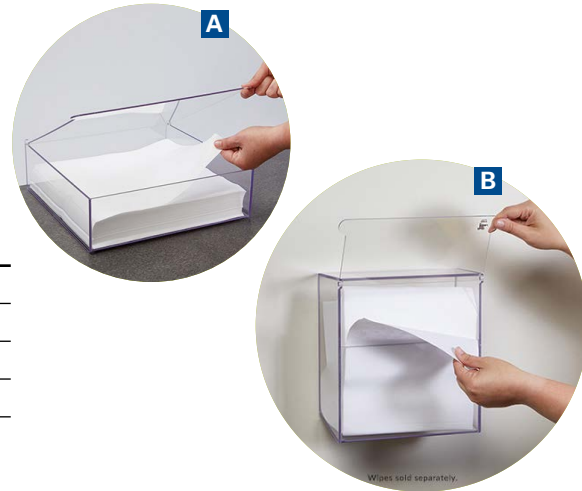

Item #	Dimensions	Qty	UPC
18699	4 x 4"	300	063636186999
17509	9 x 9"	300	063636875091
17503	12 x 12"	150	063636175030

### Wipe Dispensers

- Ideal for patient rooms, labs and cleanrooms
- Clear PETG
- Available in countertop models with anti-slip bottoms, or wall-mount models to save valuable counter space (4 keyholes in back for mounting)

Item #	Description	Dimensions (W x H x D)	UPC
17886	<b>A</b> Countertop, 9 x 9" Wipes	9 <sup>5</sup> / <sub>8</sub> x 9 <sup>5</sup> / <sub>8</sub> x 3 <sup>7</sup> / <sub>8</sub> "	063636178864
17887	Countertop, 12 x 12" Wipes	12 <sup>5</sup> / <sub>8</sub> x 12 <sup>5</sup> / <sub>8</sub> x 3 <sup>7</sup> / <sub>8</sub> "	063636178871

17889	Wall Mount, 12 x 12" Wipes	13 x 13 x 4 <sup>1</sup> / <sub>2</sub> "	063636178895

Double-bagged inside a sterile, peelable outer bag and linear tear inner bags, ready to introduce in cleanroom

### SterileSorb™ Wipes

- **Compliance:** ISO Class 5
- **Use:** Achieve USP <797> compliance
- Ideal for general purpose cleaning in critical environments: cleanrooms, labs, and compounding pharmacy areas
- **Material:** Nonwoven, cellulose/polyester
- **Features:** Sterile
- Extremely absorbent – low in extractable residues and particles for maximum efficiency in cleanroom settings
- Ideal choice for spill kit packaging

Item #	Dimensions	Qty	UPC
18956	9 x 9"	25	063636189563
18957	12 x 12"	25	063636189570

### Pro-Wipe® All-Purpose Low Linting Wiper, Perforated

- 250 sheets per pack; 4 packs per case
- Durable and low linting with highly absorbent cellulose core
- Excels at absorbency of water and oil based solutions
- **Material:** 50% Rayon 50% Polyester

Item #	Dimensions	UPC
17783	9 x 15"	063636177836

### Prosat® Presaturated Wipes

- **Compliance:** ISO Class 5 glove and surface cleaning
- **Use:** Ideal for use in critical healthcare areas: benches, hoods and equipment, as well as instruments and other articles prior to pass through
- **Material:** Non-woven, polypropylene
- **Active ingredients:** Isopropyl alcohol 70%, deionized water 30%
- **Features:** Sterile
- Resealable pouches with tamper-evident labels

Item #	Dimensions	Qty	UPC
18713	9 x 11"	30	063636187132

### Presaturated Cleanroom Wipers

- **Compliance:** ISO Class 5 and above
- **Use:** Ideal for general-purpose cleaning, surface preparation or wipe down of articles during pass-through. Also effective for residue removal after detergent or disinfectant use
- **Material:** Non-woven, cellulose/polyester
- **Saturated with:** 70% semiconductor grade isopropyl alcohol (IPA) and 30% deionized water (DI)
- **Features:** Ensures consistent saturation and improved control of cleaning protocols
- Excellent strength and durability
- Higher saturation level to support critical solution contact time needed
- Peel and reseal pouches allow for single-wipe use and prevents solvent evaporation
- Lot number printed on each package for traceability and process accountability

Item #	Dimensions	Qty	UPC
17880	9 x 9"	75	063636178802

### Sterile Alcohol Spray Bottles

- **Compliance:** ISO Class 5 glove and surface cleaning
- **Use:** Wipedown of isolators, cabinets, laminar flow hoods and surfaces
- Use on gloved hands in sterile suites
- Wipe down of products and equipment for pass through to controlled environments
- Ideally suited for use with sterile cleanroom wipes
- **Active ingredients:** 70% by volume USP Grade Isopropanol (IPA) and 30% USP Grade Purified Water, filtered to 0.2µ
- **Features:** sterile alcohol spray, induction sealed to assure stability

Item #	Description	Capacity	UPC
17979	<b>A</b> Sterile alcohol spray bottle	16 oz.	063636179793
18627	Sterile alcohol spray bottle	32 oz.	063636186272
20254	<b>B</b> Sterile Isopropanol Alcohol, Flip-Top	16 oz	063636179786

### EasyReach™ Stainless Steel Cleaning Tool

- Achieve quick, effective, one-handed cleaning and disinfecting in critical areas where USP <797> compliance has been mandated
- Single piece stainless steel tool is easily passed through transfer hatches, requires no assembly and is maintenance-free
- Versatile low profile, 360 degree pivoting head ensures even the most awkward areas can be quickly reached with ease
- All components are chemical resistant, minimizing the risk of contamination from degradation
- Made from lightweight stainless steel
- Dimensions of cleaning tool: 17"L (432mm)

**Applications:** EasyReach™ is recommended for effective cleaning and disinfection of surfaces in:

- Isolators - rigid, flexible film, half suits
- Restricted Access Barrier Systems (RABS)
- Filling Lines
- Laminar Air Flow Hoods
- Bio-Safety Cabinets
- Glove boxes
- Incubators
- Clean air hoods

Item #	Description	Qty	UPC
18273	EasyReach™ Stainless Steel Cleaning Tool	1	063636182731
18274	Quilted Polyester Cleaning Pads	60/pack (15 bags of 4 wipes)	063636182748
18275	Sterile Quilted Polyester Cleaning Pads	60/pack (15 bags of 4 wipes)	063636182755
18276	Sterile Presaturated Cleaning Pads 70% IPA	64/pack (8 bags of 8 wipes)	063636182762

### Wipes

- Cleaning Pads have a specially designed tab for quick, easy fitting to the 7" mophead frame with gloved hands
- Pads are available in three styles: regular, sterile, and sterile presaturated
- The well-fitted quilted polyester pad ensures effective, even surface coverage reducing the number of viable and non-viable contaminants and ensuring maximum residue removal
- Double bagged, laundered, validated sterile, single-use cleaning pads ensure no burden is added to the critical environment
- Presaturated EasyReach™ Cleaning Pads eliminate the need for 70% IPA spray, minimizing transfer of materials and simplifying cleaning procedures.

### EasyClean® 360 Isolator Cleaning Tool & Covers

- Ideal for efficient cleaning in areas where USP <797> compliance has been mandated such as compounding isolators, biological safety cabinets, laminar flow hoods and other controlled hospital pharmacy environments critical to the quality and purity of compounded products
- Compact with a durable stainless steel mop head that swivels 360° for easy maneuverability in tight spaces
- Includes 14" and 24" lightweight anodized aluminum handles, and features a quick-connect mechanism for easy attachment after pass through
- Mop head handles can be sterilized by autoclave or gamma radiation

Item #	Description	UPC
18708	EasyClean® 360 Isolator Cleaning Tool	063636187088
18709	Non-Sterile Mop Head Covers 25 disposable covers & 1 padded cover	063636187095
18710	Sterile Mop Head Covers 10 disposable covers & 1 padded cover	063636187101

### Cleanroom & Floor Marking Tape

- Construction - 2" wide polyester vinyl with rubber adhesive.
- Improve Visibility - Striped floor marking tape can help designate critical areas such as entry to cleanrooms, isolation areas, cart storage, etc. Adheres well to all surfaces.
- Options - Available with OSHA standard warning striped colors: Black/Yellow stripe and Red/White stripe. Specify color when ordering.
- Packaging - 18 yards per roll, 3 rolls per package (54 yards total)

Item #	Qty	UPC
18658	3	063636186586

### Peel Away Dirt & Dust Control Mats

- Construction - Designed with multiple sheets. When top sheet is contaminated, pull it off and discard.
- Prevent Contamination - Tacky surface pulls dirt and dust off shoes before they can contaminate a cleanroom.
- Packaging - 30 sheets per mat, 4 mats per package (120 sheets total)

Item #	Size	UPC
17736	36 x 18"	063636177362
7384	45 x 18"	063636773847
