Wholesalers: Most pharmacy products are available from your local drug wholesaler who may sell for more or less than the catalogue/website price. Drop ship prices are shown in the catalogue/website. Product not available from your wholesaler will be shipped from our warehouse facility in Markham, Ontario.

Shipping Terms: Orders will be shipped to all destinations in Canada. We reserve the privilege of shipping via the carrier of your choice.

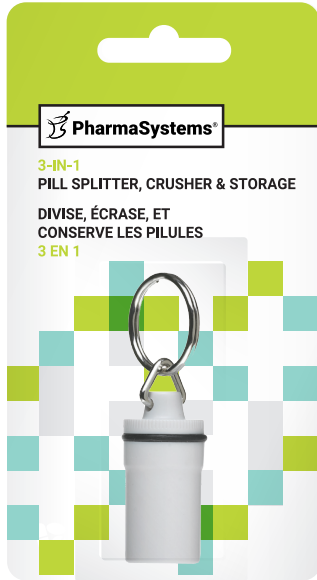

Prices: Prices are subject to change without notice.

Terms: Net 30 days or as per your wholesaler

Returns: All returns to PharmaSystems must be authorized.

Accessibility: In meeting the needs of our customers and employees we strive at all times to provide our products in a way that respects the dignity of all individuals including persons with disabilities. In order to ensure equal treatment all PharmaSystems' customer service representatives and administrators are trained on policies, practices and procedures with respect to our commitment to people with disabilities.

Please Note: We have developed our OTC Supplies Catalogue to showcase our most requested supplies. Please refer to our website for our entire product catalogue and for the most up-to-date product information.

- Disposable – recommended for single use only
- One size fits all

Earol® Ear Wax Removal Spray

Item # PS899

UPC 063636 008994

Earol® delivers a metered dose spray of pharmaceutical-grade olive oil, directly into the ear via a tapered actuator.

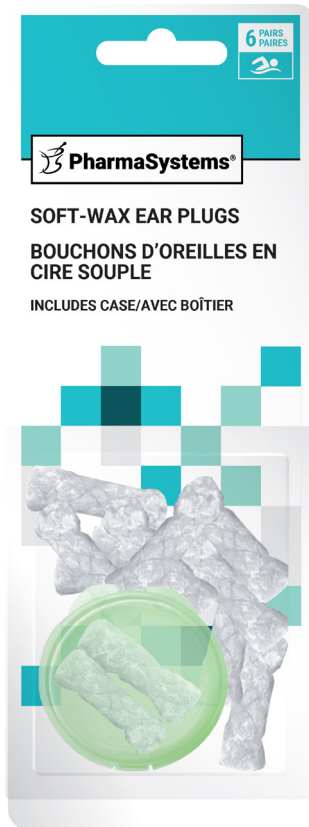

There is no need for unsightly cotton wool plugs to keep the oil in the ear, since the metered spray dose provides the right amount, adhering directly to the ear canal walls.

This product works to aid the removal of ear wax, softening and breaking it down, and preparing the ear canal for clinical dewaxing. In addition to soothing itchy and irritated ears.

Key Benefits

- ✓ Metered dose spray of oil, which prevents oil leaking out of the ear
- ✓ Contains natural ingredients: pharmaceutical-grade olive oil
- ✓ Safe tapered actuator ensures that the product cannot be pushed too far into the ear canal
- ✓ Patient receives the exact same dose each time with a minimum of 180 doses per pack
- ✓ Can be used prophylactically, once a week to ensure continued good ear hygiene and prevent wax buildup
- ✓ Highly recommended by audiologists, pharmacists and health care professionals
- ✓ Easy to use and suitable for 6 months +

6 PAIRS

RECOMMENDED FOR
NOISE REDUCTION & SWIMMING
