

INSTRUCTIONS FOR Memory Pac Blisters & Cards

Instructions for use:

1. Place blisters in tray, aligning the bottom notches.
2. Fill blister with medication as ordered
3. Remove protective liner from face of card to expose adhesive surface.
4. Place the card in the tray adhesive side down, aligning the bottom notches.
5. Flip-open the bottom portion of the hinged tray.
6. Firmly apply pressure using a roller over the entire card to create a grade "B" seal.
7. Remove the card from the tray and apply labels as required.
