- ✓ **Cost effective & allows Pharmacy to recycle medication**
- ✓ **Protects patients from dosing errors**

Steri-Tamp® Sterile Tamper Evident Seals

- 6X stronger adhesive than other seals on the market
- Protects against contamination and accidental double dosing.
- Alerts staff when IV bag is modified
- Patented dual-layer leaves true tamper evidence with “OPENED” labeling left behind
- Allows pharmacy to recycle medication
- Maintains adhesion, even when refrigerated or frozen in cold drug storage conditions
- Easy-to-use, glove-friendly packaging, containing 1000 units per roll
- Visit www.steri-tamp.com for more information and videos.

Vial Seals

- Sized specifically for each corresponding vial size top
- Pressured adhesive allows seals to lie flat on vial top, no air channels
- Protects Technicians from Aerosolized Cytotoxins

Item #	Size in mm	Color	Quantity
18297	13 mm	Red	1000/ Roll
18298	20 mm	Silver	1000/ Roll
18299	28 mm	Blue	1000/ Roll

“Belly Button” Port Seal

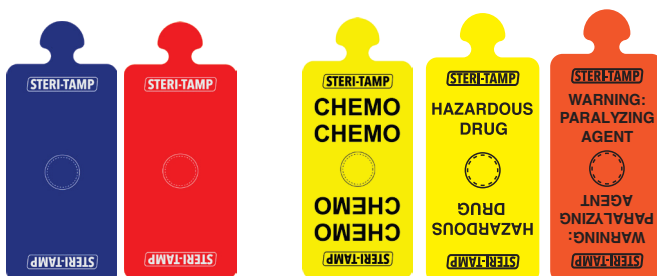

- The only seal made to adhere to the rubber port of the “Belly Button” Bag and to 13mm vial tops.

Item #	Size in mm	Color	Quantity
18502	13 mm	Green	1000/ Roll

IV Bag Port Seals

Item #	Color	Quantity
18296B	Blue	1000/ Roll
18296R	Red	1000/ Roll
18695	Yellow Labeled CHEMO	1000/ Roll
20288	Yellow Labeled HAZARDOUS DRUG	1000/ Roll
20287	Orange Labeled PARALYZING AGENT	1000/ Roll

- Protects the point of entry of the IV admixture port from contamination and accidental double dosing
- Using a simple “Twist” technique, the seal wraps around the port and itself, ensuring a complete closure around the port

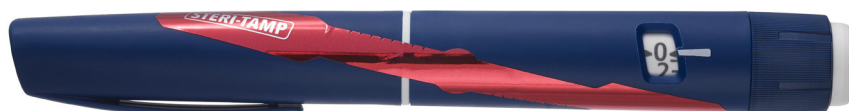

Steri-Tamp® Non-Sterile Tamper Evident Seals

Red Syringe Seal

- Non-sterile solution to provide tamper evidence for syringes and other medical containers
- Alerts staff when the syringe has been modified
- Designed to rip when intended
- Improves workflow
- Helps prevent risk of double dosing
- Enables pharmacy to recycle medication
- Maintains adhesion, even when refrigerated in cold drug storage conditions
- Features built-in pull-tabs for easy removal
- Easy-to-use, glove-friendly packaging, containing 1000 units per roll

Item #	Color	Quantity
18853	Red	1000/ Roll

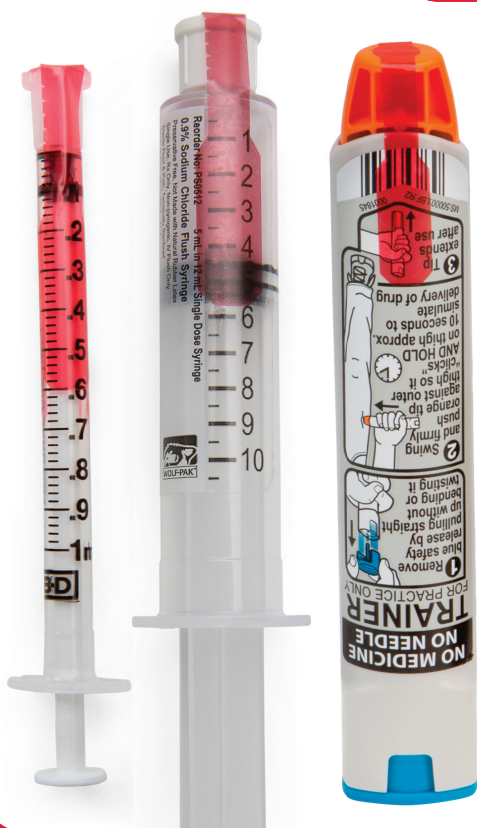

STERI-TAMP

Tamper-Clear Syringe Seal®

- Clear visibility to the barrel of the syringe
- Useful for oral syringes, epi-pens, inhalers and other devices with markings that need to be seen or scanned
- Assists Nursing staff with patient label visibility
- Maintains adhesion, even when refrigerated in cold drug storage conditions
- Plus all the benefits of the **Steri-Tamp® Red Syringe Seal!**
